F. No. 1(44)/2207/DHS/DHS/SWD/PF/Pt.file I/100617-836

Date: 16/6/2015

OFFICE MEMORANDUM

The Competent Authority hereby approves the guidelines for reimbursement of Insulin Pump and Accessories under DGEHS for the beneficiaries who are suffering from classical Type-I Diabetes, the recommendations of which are as follows:

- i. The provision of Insulin Infusion Pump shall only be considered for classical Type I Diabetics.
- ii. The Insulin Infusion Pump must be advised/ratified by the Endocrinologist of GNCT of Delhi.
- iii. As a matter of policy Insulin Infusion Pump without sensor shall be considered for the patient.
- iv. In rare circumstances sensor augmented Insulin Infusion Pump may also be considered. Such cases shall be considered by the Committee.
- v. The ceiling rate fixed for (a) Infusion Pump-Rs. 1,20,000/- or actual whichever is less, (b) Accessories-Rs. 5,000/- per month or actual whichever is less, (c) Insulin shall be reimbursed at actual rates.
- vi. Reimbursement of Insulin Pump shall be processed by the concerned Administrative Department as per the provisions contained in CS (MA) Rules for procurement of machines.

Further, a Committee of following doctors under the chairmanship of Director, Health Services will advise/ratify the Insulin Infusion Pump and the need for sensor Augmented Insulin Pump on case to case basis.

- 1 Endocrinologist/ In-charge of Diabetic Center, Guru Teg Bahadur Hospital.
- 2 Endocrinologist/ In-charge of Diabetic Center, Lok Nayak Hospital.
- 3 Sr. Consultant Medicine, Lal Bhadur Shastri Hospital/ Deen Dyal Upadhyay Hospital.
