No. F 25(III)/DGEHS/ 1310/DHS (HQ)/2020-21/ 13912-14032 Dated:- 09/6/2020

**OFFICE ORDER**

Directorate General of Health Services, GNCTD, had directed all nursing homes/private hospitals having bed strength of 50 beds or more to reserve/earmark at least 20% of their total bed strength for COVID-19 patients vide letter No. F.23/(413)/GEN/Circular/NHC/DGHS/HQ/5366-77 dated 24.05.2020.

Subsequent to issuance of this order, it has brought to notice of this Directorate that some of the DGEHS empanelled private hospitals who have been authorized to treat COVID-19 patients vide aforesaid order, are refusing admission and treatment of DGEHS beneficiaries, who are suspected/confirmed case of Corona Virus Disease (COVID-19) unless they deposit a hefty amount prior to admission. DGEHS beneficiaries (both serving and pensioners) are being charged as per normal hospital rates instead of DGEHS approved rates and pensioner beneficiaries are being denied entitled cashless treatment.

As per terms and conditions of the Agreement, a private empanelled hospital will provide treatment to DGEHS beneficiary for any ailment, at DGEHS approved rates, including cashless treatment for pensioner beneficiary.

Denying admission to DGEHS beneficiaries causes unnecessary delay in treatment and harassment. The Directorate has taken it seriously as a deviation from the terms of the agreement, and it is, therefore, reiterated that empanelled hospitals should adhere to the terms and condition of the agreement i.e. provide treatment as per DGEHS approved rates and cashless treatment to pensioners, for all ailments including COVID-19.

No.52/DGHS/PH-IV/COVID-19/2020/prsecyhfw/14450-14649

Dated: 20.06.2020

**ORDER**

Delhi Disaster Management Authority accepted the recommendations of the committee, under Dr. V. K. Paul, member, NITI Aayog for fixing rates for COVID related treatment to be charged by private hospitals in NCT of Delhi, with the proviso that all COVID beds would be at rates given by the Committee subject to upper limit of 60% of the beds of total hospital bed capacity.

The prescribed maximum per day package rates for COVID related treatments in private hospitals in NCT of Delhi are as below:

Category of hospitals	Hospital rates for per day of admission (in Rs.)			
	Moderate Sickness	Severe Sickness	Very Sickness	Severe
	ISOLATION BEDS Including supportive care and oxygen	ICU <u>without</u> need for ventilator care	ICU <u>with</u> ventilator care (invasive/ non-invasive)	
NABH accredited Hospitals (including entry level)	10,000/- (includes cost of PPE Rs. 1200/-)	15,000/- (includes cost of PPE Rs. 2000/-)	18,000/- (includes cost of PPE Rs. 2000/-)	
Non-NABH accredited Hospitals	8,000/- (includes cost of PPE Rs. 1200/-)	13,000/- (includes cost of PPE Rs. 2000/-)	15,000/- (includes cost of PPE Rs. 2000/-)	

1. The hospitals would follow the national guidelines on admission of COVID-19 patients. Generally, hospital care is required for COVID-patients with moderate or severe/very severe disease. Patients with mild disease are to be managed at home or in COVID Care Centers which are not hospital but improvised isolation/observation facilities created in non-hospital premises. However, patients with mild disease but having co-morbidities and/or if elderly, as defined may be treated as having moderate illness and therefore admitted.
2. The rates for private hospitals beds would be all inclusive as a package. This will include, but not limited to: bed, food and other amenities, monitoring, nursing care, doctors' visits/consults, investigations including imaging, treatment as per the national protocol for COVID care and standard care for co-morbidities, oxygen, blood transfusion etc.

(contd....2/-)

  
20/6/2020

3. The package rates would include costs of medical care of underlying co-morbid conditions including supportive care and cost of medications thereof, for the duration of care for COVID. Since many of the COVID patients have conditions such as hypertension, diabetes, cardiovascular problems, etc., the charges for medical care of such co-morbidities will be a part of the package. This would include short term haemodialysis as a part of acute care during the current admissions.
4. The rates would apply to standard care of COVID-19 patients as per the National Guidelines. But these would not cover experimental therapies (e.g. Ramdesivir etc.). Standard management of Co-morbidities would be covered.
5. The charges will not include the cost of COVID-19 diagnostic test(s) as well as IL-6 Levels.
6. The proposed charges will apply to paediatric patients as well.
7. For pregnant women, costs for delivery (normal/C-section) and care of new born would be charged by the hospital extra as per prevailing PMJAY rates of relevant packages.
8. There will be no compromise on the quality of clinical care services provided to the patients receiving services on the proposed package rates.

The prescribed rates are applicable with immediate effect.
