FORWARD

Directorate General of Health Services brings out its Annual Report in pursuit of regular availability of Health Statistics. The information contained in this document reflects the functioning and achievements of the Directorate General of Health Services as well as other Hospitals and other departments working under Govt. of NCT of Delhi.

Directorate General of Health Services delivers health care through its network of Allopathic Dispensaries, Mobile Health Dispensaries, School Health Clinics besides implementation of other programmes/schemes in addition to opening of new Hospitals & Dispensaries. The health care facilities in Delhi are being delivered by a number of government and non-government organizations whose nodal agency is Directorate General of Health Services.

The reports on performance of dispensaries/Districts and Morbidity data are being collected online through intranet/internet. ICD 10 based system of morbidity reporting has been adopted for reports included in the publications. All hospitals functioning under the Department of Health & Family Welfare have been provided the facility of online feeding of their monthly reports. SHIB collects and compiles the data from all Delhi Government health institutions. SHIB is not the primary holder of data.

The publication of the report is delayed due to constraints of data received from all agencies.

I appreciate the efforts of all the staff members of this Directorate for the achievements made during reference period. I congratulate the team of State Health Intelligence Bureau, headed by Dr. Pawan Kumar for bringing out this publication.

Suggestions for further improvement of this publication are always welcome and will be appreciated.

(DR.Beena Khurana)

Chapter 1

INTRODUCTION

Delhi is an old city that has slowly expanded over the years to acquire its present status of metropolis. According to census 2011, the total population of Delhi was 167.53 lakh spread over an area of 1483 Sq. km. The population density of Delhi was 11297 persons per Sq Km. in 2011, which is the highest in India amongst all states/Union Territories. People come from all over India for livelihood and settle in Delhi being the economic hub for development.

In Delhi, health care facilities are being provided by both government & non-government organizations. Besides, local self governance agencies such as Municipal Corporations of Delhi, New Delhi Municipal Council and Delhi Cantonment Board are instrumental in delivery of health care facilities in their respective areas. Various agencies of Government of India such as Ministry of Health and Family Welfare, CGHS, ESI, Railways are also providing health care to general public as well as to identified beneficiaries. Amongst the government organizations, Directorate General of Health Services (DGHS) of Government of NCT of Delhi is the major agency related to health care delivery. This Directorate actively participates in delivery of health care facilities and co-ordinates with other Govt. & Non-Government Organization for health related activities for the improvement of health of citizens of Delhi. Services under Directorate of Health Services cover medical & public health. This Directorate plays the key role in co-ordination and implementation of various national and state health programmes.

DEPARTMENT OF HEALTH & FAMILY WELFARE

- xii. Maulana Azad Institute of Dental Sciences, LNH Complex

The organizational structure of Department of Health and Family Welfare, Govt. Of NCT of Delhi is as under:

ORGANISATION STRUCTURE OF DIRECTORATE GENERAL OF HEALTH SERVICES

DIRECTORATE GENERAL OF HEALTH SERVICES

The Directorate General of Health Services is the largest department under Department of Health and Family Welfare Govt. of NCT of Delhi providing health care facilities at primary and secondary level to the citizens of Delhi through various types of health outlets, spread all over Delhi viz., Dispensaries & Health Centers, School Health Clinics and Mobile Health Clinics, Aam Admi Mohalla clinics and polyclinics.

To cope up with the situation regarding need to health outlets, many more health outlets are being added to existing ones from time to time to meet the health needs subject to the availability of resources.

This Directorate also monitors the health services being provided by Registered Private Nursing Homes. The registration is done subject to the fulfillment of prerequisite of Delhi Nursing Home Registration Act 1953 and renewed after every three years. The registration of all private Nursing Homes is mandatory under the Act.

As far as the monitoring of various health schemes being run by DGHS, the regular information/data is being obtained from various health outlets under the direct control of DGHS, which are then compiled and analysed. On the basis of data and its analysis Dispensaries/Health Centers/ Hospitals, the evaluation of various schemes is carried out and necessary corrective measures if needed are taken. In addition to above this Directorate is also collecting information regularly from other agencies on communicable diseases, non-communicable diseases and other public health data for taking appropriate measures related to prevention and control of notified diseases.

Sanctioned Strength The Directorate has a total sanctioned strength of 3820 posts. GroupWise Sanctioned strength and vacancy position of the Directorate General of Health Services including its subordinate offices during 2015-16 as mentioned below :-

Chapter 3

DELHI GOVERNMENT DISPENSARIES

Introduction

Primary health care is most important component of health care services for the citizens. This view has been equally echoed by Bhore Committee Report (1948) and accordingly this aspect has been given due consideration in National Health Policy. Directorate General of Health Services, Government of NCT of Delhi is providing primary health care services to the people of Delhi through a network of dispensaries, polyclinics, Mohalla Clinics and mobile health clinics throughout Delhi to meet the primary health care needs of citizens of Delhi.

Dispensaries (Health Centres) under DGHS are its front-line health outlets that provide treatment for common ailments including provision of essential medicines to all the persons coming to these dispensaries and also undertake various preventive and promotive activities. The vision of this directorate is to promote these front-line health outlets as the backbone of health services and overall health development and to actively involve these outlets in bottom up planning.

Functioning of Dispensaries

Planning Branch of this Directorate is responsible for planning and opening of new dispensaries, matter related to identification of area, allotment of land, planning and construction of building etc. and financial aspect are being taken care of by this branch. The operation of dispensaries in the Directorate General of Health Services is based upon district pattern. In 2015-2016, there were 11 districts functioning under the administrative control of ARD/Chief District Medical Officers. Geographically these districts correspond with the revenue districts.

Facilities at Dispensaries

The facilities provided by these dispensaries are:

- General OPD for treatment of common ailments
- Free distribution of prescribed essential medicines.
- Treatment of minor injuries and dressing etc.
- Basic emergency care during working hours.
- Laboratory Services (Routine Lab. Services)
- Immunization and Family Welfare activities.
- Health Education
- Malaria Clinic (in selected dispensaries only).
- DOTS Center/Microscopy Center (in selected dispensaries only).

Chapter 4

MOBILE HEALTH SCHEME

Mobile Health Scheme is an independent plan scheme “Special component plan for scheduled Castes.”

Introduction: - The Directorate General of Health Services is major nodal agency of Govt. of NCT of Delhi which provides Primary Health care facilities to the residents of Delhi. Directorate General of Health Services realizes that no amount of drugs and curative care provided to J.J.Clusters can control their pathetic condition until or unless other sectors also contribute with DHS to improve overall physical quality of life. As a result, the mobile Health Scheme was established in 1989 as an innovative and effective means of providing primary health care to the JJ clusters in Delhi which chiefly comprised of the poor migrant workers and their family at their doorsteps and now which encompasses a whole lot of other services and initiatives. To start with a fleet of 20 mobile dispensaries was launched covering different J.J. Clusters all over Delhi on weakly basis in 1989. Due to paucity to resources and keen interest shown by some NGO's Delhi Government invited NGO sector to participate in the scheme and as a result, a fleet of 90 mobile Dispensaries started providing health care to the J. J. Clusters / un served areas / construction sites.

Mobile Health Scheme has been strengthened to a fleet of 90 mobile vans to provide basic health care to JJ cluster /unserved areas/construction sites.

2015-2016- Onward June 2014, the involvement of NGO was discontinued as per the decision taken by Govt. of NCT of Delhi. As a result now only **43 Mobile dispensaries were functioning and was managed by staff of MHS in 2015-2016.**

The services of Mobile Health Scheme can be divided into three major categories:

1. Primary Treatment
2. Preventive and Precautionary
3. Health Education and Rehabilitation.

A mobile health team consists of following members:

Designation	Number	Functions/Duties
Medical Officer	01	Examination of patient, to prescribe the medicines, advise of Immunization and relevant record keeping
Pharmacist	01	To store and dispense the medicines and relevant record keeping.
Public Health Nurse/ Ancillary Nurse Midwife	01	To assist the medical officer while examination, Immunization, Health Education.
Dresser	01	Dressing and to assist the PHN
Nursing Orderly	01	Other supportive activities.

Apart from above said activities, Mobile Health Scheme provides special medical coverage in following gatherings of social and medical importance:

S.No	Name of Event	No. of locations of event	Approx. No. of Camps/Teams	No. of Days	Remarks
1	Haz Manzil	02	06 Team	30 days, Round the clock	August – September, 2015
2	Urs Mela	Burari	19 team	Round the clock	
3	Kanwar Camps	All over Delhi	125 camps	15 days, Round the clock	August 2015
4	Sant Nirankari Samagam	Burari	08 camps	05 days, Round the clock	November 2015
5	Chhat Puja	Selected sites	100 camps	05 days, Round the clock	November 2015
6	Night Shelters	All over Delhi, 70 camps	06 teams	Regular basis	As per court Directions
7	Bangladeshi Prisoners	01	01	Regular basis	As per court Directions
8	Constructions Sites	All over Delhi			As per court Directions
9	IITF	Pragati Maidan	02	15 days in two shifts	November 2015
10	Tahirpur Leprosy Home	01	01	Regular Basis	
11	Lampur Begger Home and FRRO	01	01	Regular Basis	As per court Directions
12	Mass Deworming Programme	All schools	04 teams	05 days	
13	Children Home	01	01	Regular Basis	
14	Matratva Chhaya	02	02	Twice a week	
15	Perfect Health Mela	01	02	5-7 days	
16	Global Conference on Mysticism	01	02	15 days	
17	Old Age Home	01	01	Regular Basis	As per court Directions
18	Izteema Camp	01	02	15 days	
19	National School Games	All over Delhi	20	15 days	
20	CRPF and Delhi Police Medical Examination	02	04	5 days	
21	Independence Day Celebrations (National and State level)				August 2015
22	Republic Day Celebrations (National and State level)				January 2016

Detailed functioning and usage of Mobile Van Dispensaries:

Apart from above said activities, other activities such as Public political gatherings, Senior Citizen Screening, disasters, various mellas, Request from public representatives time to time for providing medical facilities etc The medical teams are deployed by Mobile Health Scheme.

NOTE: In the above said major activities like Urs Mela, Kanwar Camps, Sant Nirankari Sammagam, Chhat Puja Mobile Health Scheme provided medical facilities in addition to the facilities of CATS and St. John Ambulance Brigade.

Here it is worth to mention that for the above mentioned activities Mobile Health Dispensaries were used for manpower, supply of medicines and surgical supplies. Even material supply needed there off and on and on urgent basis the supplies are made through these mobile Health Dispensaries.

Mobile Health Dispensaries are also used for transportation of medicines and other surgical items during other important social and religious gathering like Kanwar Camps, Nirankari Samagam, Urs etc. Moreover in other social gathering like Chhat Puja, Public political gatherings, Construction Sites etc. the functioning of staff for providing health care facilities is being operated in vehicle itself. Moreover these Mobile Dispensaries are also used to supply the material and supplies to the sites on urgent requirement at these sites.

Ten teams or Vehicles were also used as Mobile Van Dispensaries to provide health care facilities in 145 night shelters.

Chapter 5

SCHOOL HEALTH SCHEME

MASS-DEWORMING PROGRAMME ROUND III & Round IV Two rounds for 2014-15 in April 2015 & for 2015-16 in Feb-2016 –Successful completions of MDD held on 10th Feb & MUD on 15th Feb 2016. Co-ordination with all health agencies, Anganwadi & education dept. is done. Meetings & trainings of health & education personnel have been done. Assembly talks in all Govt. & aided schools on MDD have been done to create awareness of the programme. Reports compiled at district level and state level.

DISTRICT HALF DAY TRAINING - On every Second Saturdays of the month Academic and skill oriented half day trainings of the Officers and Officials was held in 12 District for strengthening the component of School Health Scheme.

IEC ACTIVITIES- Health Awareness by addressing the school children during assemblies at least twice per month by Public Health Nurses/ Medical Officers & Daily Group Health Education during Medical screening / OPD. Addressing Parent Teacher's Meetings, poster making, Quiz competitions, skits, slogan writings, elocutions, outdoor publicity campaign on issues like WIFS, Ongoing Health awareness, Importance of Hand washing, prevention & control of Diarrhoea, participation in cleanliness drive, personal hygiene, dental hygiene, myopia and care of eyes, nutritious diet, Hepatitis, HIV-prevention, Substance abuse, De-worming ,Beti –Bachoa poster and slogan competitions held in schools. Teachers training and awareness about mass de-worming programme. Public Health Nurses and ANMs from CDMO Offices were trained for mass deworming prog and Emergency response system.

SCREENING FOR SUBSTANCE & DRUG ABUSE- As per the recommendation of Juvenile Justice Committee, all Delhi Govt. & Aided school students were screened, counselled, referred and followed up. Poster making and Quiz competition were conducted in all Delhi Govt. schools at District level by health teams for awareness on substance & drug abuse.

WEEKLY IRON FOLIC ACID SUPPLEMENTATION PROGRAMME (WIFS- Ongoing Programme)- Various motivational exercises is conducted by teams of School Health Scheme and Officers/ Officials of Directorate of Education. Monthly coverage report is compiled by SHS and submitted to Govt. Of India.

Awareness talk on WIFS was given by the Medical Teams in the Morning/ Evening assemblies. Parents were also motivated by the teams in PTMs. ERS Staff posted in schools for monitoring, motivation, and to handle any emergency due to WIFS.

HEALTH CLUBS- School health clubs were strengthened in each school which played a major role to educate the peers regarding various health issues.

Distribution of WIFS Tablets to schools through district office for year 2016-2017.

Physical stock –verification done for each school health clinic.

Distribution of FIRST-AID KIT to school nodal teachers.

CHAPTER 6

FUNCTIONS OF BRANCHES AND STATE SCHEMES

6.1. PLANNING BRANCH

Achievements of Planning Branch

The Planning Branch of this Directorate coordinates with all Programme Officers, CDMOs, CMO(MHS), Incharge SHS for monitoring respective Plan Schemes, Plan expenditure, preparation of BE, RE, targets and achievements. It also coordinates with Planning and Finance Department GNCTD for related policy matters on Plan Schemes.

In Delhi, the main thrust under the health sector is to provide preventive, curative and promotive health care services through a network of dispensaries and hospitals in deficient areas in order to provide better health care facilities at the doorstep of the people.

03 New Allopathic dispensaries and 107 Mohalla Clinics were opened during 2015-16.

Budgeting and Planning

The actual expenditure for 2015-16 in Revenue Head (Plan Scheme Medical) is 24806.99 lakh and expenditure in Public Health Sector is Rs. 675.13 lakh (Plan).

6.2. HOSPITAL CELL

Introduction:

The planning/establishment of different hospitals are being taken care of by Hospital Cell functioning in this Directorate under direct supervision of Director General Health services. The responsibilities of Hospital Cell include planning and commissioning of hospitals, which include preparation of MPF (Medical Function Program), site inspection, monitoring and co-ordination with different Govt./Semi-Govt./Autonomous/Pvt. Agencies etc. related to establishment of hospitals. The financial aspects of these upcoming hospitals are also being taken care of by Hospital Cell, like preparation of SFC/EFC memo for cost estimates of hospitals which include estimates of manpower, equipments and other vital components required for establishment of hospital.

The broad functioning of Hospital Cell involves in close coordination with executing agencies and undertakes site inspection etc. along with the engineers. The selected agencies then appoint architects and hospital consultant for preparation of building plans etc. The Director General, Health Services approves the preliminary drawings once the detail drawings are prepared by the consultants which are then submitted for approval of DDA/MCD. Once all approvals are in place, the estimated cost is worked out and proposal submitted to Expenditure Finance Committee (EFC) for approval of the project. The Hospital Cell prepares the EFC Memorandum & Cabinet Note including cost estimates, estimates of manpower, equipments etc. In addition to above, the Hospital Cell has been coordinating with secondary care hospitals of Delhi Govt. for various hospitals related works.

Other responsibilities under hospital cell:-

- Stretcher Bearer Services.
- Solar Power Panel in Govt. hospitals.
- Plantation issues in Hospitals.

Data base of all hospital projects of DGHS is maintained at Hospital Cell Status of Various Hospital Projects under Hospital Cell during 01/04/2015 to 31/12/2015.

600 bedded hospital at Ambedkar Nagar, Delhi (North).

Drawings and PE for vertical expansion of the hospital project for enhanced bed capacity (Phase-2) was approved by Hon'ble MOH which was communicated to NBCC on 24/07/2015. Revised PE with increased expenditure has been submitted for approval of competent authority. Revised lay out plan has been approved by Hon'ble Health Minister. EFC Memo and Consideration Note for submission in Expenditure Finance Committee are under process.

800 bedded hospital at Burari, Delhi (North).

Revised drawing was sent to Secy. (H&FW) on 08-07-2015. Drawing has been approved for 800 beds on 13-07-2015 by MOH. The approval of revised drawings has been communicated to Ex Engineer PWD on 05-08-2015.

Inauguration for enhancement of bed from 200 to 800 beds was done by Hon'ble CM on 09-08-2015. Approval of revised plan from various statutory bodies is under process.

Approval of revised plan from various statutory bodies is under process. Approval of Delhi Fire Services (DFS), Airport Authority of India (AAI) has received. Reminder for submission of P.E. sent to PWD dated 30.11.2015.

1500 bedded hospital at Sector-9, Dwarka.

Foundation work is in progress. Emergency block foundation work is in progress. In ward block excavation & water proofing work has been taken up. Hon'ble Health Minister decided to increase beds from 700 to 1500.

Revised drawing for increased bed capacity has been sent to Secy. (H&FW) for approval on 12-06-2015.

Revised drawings contain modifications:-

- New MCH block to be built, addition of new floor, remodeling of space in other previous blocks.
- Expert Committee was constituted by Secretary (H&FW) under chairmanship of Dean MAMC to review plans and drawings for addition of beds. The committee reviewed the drawings in order to increase the proposed bed strength and prescribed changes in the drawings/ plan in accordance to the MCI guidelines and present available FAR and accommodated 1500 beds.
- Drawings of 1500 bedded teaching hospital with a separate MCH Block and Medical college with intake of 150 under graduate seats per year approved by Hon'ble MOH.

Hospital project at Sector-17, Dwarka.

This land is proposed to be used for developing Medical College as part of Sector-9, Dwarka hospital project.

200 beds hospital and trauma centre at Siraspur, Delhi.

Concerned project manager has requested that in case functional requirement is reviewed and there is an increase in bed strength, the same may be intimated so that building plan & lay out plan may be reworked and process of seeking statutory-approvals from concerned authorities may be started afresh. Bed strength of the project has been increased by Hon'ble Health Minister to 1500 bedded hospital along with construction of a medical college and a nursing college. A committee was constituted under chairmanship of Dean MAMC for development of functional requirement for the project. Medical functional requirement for 1500 bedded teaching hospital with medical college of 200 student's intake per year along with trauma centre approved by MOH. MFP has been finalised and approved by MOH and forwarded to PWD for preparation of lay out plan.

200 bedded hospital at Madipur.

Fresh PE for Rs. 175.42 Cr. as per DSR 2104 minus 12% has been submitted on 07/04/2015. An additional piece of land measuring 1.18 acre has been offered for access to main road which will provide a better connectivity & increased FAR of 375. As per directions of Hon'ble Health Minister that all projects above 10 crore may be reviewed by a committee to increase bed strength, thus project under review of the review committee for increasing the bed capacity and better utility.

200 bedded hospital at Jwalapuri (Nangloi) Delhi.

Letter has been written to DUSIB regarding amended ownership documents. The lay out case of Sant Durbal Nath Hospital at Jwalapuri was taken up for discussion. It was decided to go ahead with hospital project on 3.87 acre land for which change of land use is available. Rest of 0.81acre land opposite the main land and across the road should be left aside. Letter in this regard has been written to DSIIDC for required revised plan. A letter to DUSIB has been written by Hon'ble Director, DHS for modification of plot in two parts for meeting the criteria of approval of building plan of a hospital by the Town Planner. As per directions of Hon'ble Health Minister that all projects above 10 crore may be reviewed by a committee to increase bed strength, thus the project under review of the review committee for increasing the bed capacity and better utility.

225 bedded hospital at Chattarpur , Mehrauli, Delhi.

There was problem of link road to proposed hospital project site and no road clearance from DDA. Swapping of land with Forest Department instead of construction of approach road to the proposed site was approved by Hon'ble Lt. Governor. Letter sent to Forest & wildlife Dept. by Hospital Cell on 25/03/2015 and a reminder letter on dated 01/01/2016 regarding allotment of land for construction of hospital & paramedical training institute. Swapping of land with Forest Department is under process in joint consultation with TTE Department. As per directions of Hon'ble Health Minister that all projects above 10 crore may be reviewed by a committee to increase bed strength, thus the project under review of the review committee for increasing the bed capacity and better utility.

Hospital project at Dindarpur, Delhi.

Construction of fresh boundary wall is to be done. Preliminary estimate to be submitted by PWD. As per directions of Hon'ble Health Minister that all projects above 10 crore may be

reviewed by a committee to increase bed strength, thus the project under review of the review committee for increasing the bed capacity and better utility.

200 bedded hospital at Keshavpuram, Lawrance Road, Delhi.

Request to allot additional land adjacent to the allotted land for better connectivity to the 45 meter metro road has been placed to DDA (IL). As per directions of Hon'ble Health Minister that all projects above 10 crore may be reviewed by a committee to increase bed strength, thus the project under review of the review committee for increasing the bed capacity and better utility.

100 bedded hospital at Sarita Vihar, Delhi.

Hon'ble MOH has decided to redesign the project more efficiently and to constitute a panel of architects to redesign the hospital building. Revision of PE which is on higher side is also to be done.

Revised drawings after observations of Hon'ble MOH has been submitted on 13-07-2015 as per new FAR of 300 having a total bed strength of 240 beds. This has been forwarded to Secy.(Health) for approval. Time was sought by consultant for doing presentation before Hon'ble Health Minister of the revised drawings. Revised drawing presentation on 22.09.2015 in O/o MOH. As per directions of Hon'ble Health Minister that all projects above 10 crore may be reviewed by a committee to increase bed strength, thus project under review of the review committee for increasing the bed capacity and better utility.

200 bedded hospital at Hastal, Vikas puri, Delhi.

Modified PE of Rs. 231.11 Cr. has been sent to Secy. (Health) for approval. As per directions of Hon'ble Health Minister that all projects above 10 crore may be reviewed by a committee to increase bed strength, thus the project under review of the review committee for increasing the bed capacity and better utility.

Office complex at Raghurir Nagar.

Fresh medical functional programme of various offices has been sent for preparation of preliminary estimate by the concerned engineer.

6.3. NURSING HOME CELL

Introduction

Nursing Home Cell in Directorate General of Health Services was established to register the private nursing homes and hospitals as per provisions of Delhi Nursing Home Registration Act, 1953 and the rules there under. Thereafter rules have been amended from time to time depending on the need and various suggestions given by stakeholders. In the initial period of its establishment, the main activities of the cell were to receive applications for registration and to register them depending on the fulfillment of criteria as per above mentioned act and rules. The registration was used to be given valid for one year. However, the nursing home cell was later on entrusted with various other tasks at different times related to private nursing

homes and hospitals. The cell has taken very active role for the regulation of private establishments, proposing amendments in rules based on the inputs from stakeholders, implementation of directions of Hon'ble Courts and provision of free treatment to the economically weaker sections (EWS) of the society. It also issues health advisories for information to the owners of private hospitals from time to time. The EWS is now being looked after separately.

Presently, the Nursing home Cell receives applications for new registration from private nursing homes/hospitals and after it is found fit for registration, issues the registration valid for three years. The renewal of registration is done after three years. The cell carry out regular inspections to see that requisite standards are maintained in these registered Nursing Homes.

Major responsibilities assigned to the cell include:-

1. Registration & Renewal of registration of private nursing homes/hospitals under Delhi Nursing Home Registration Act 1953 and the rules amended from time to time.
2. Various Court Case matters pertaining to Pvt. Nursing Homes.
3. Complaints against private nursing homes in Delhi.
4. Information under RTI Act 2005.
5. Recommendation to Excise Department for procurement of narcotic drugs by private nursing homes.
6. Other Miscellaneous tasks like providing material for Parliament/ Assembly questions, liasoning with Delhi Pollution Control Committee and various other statutory bodies, a bridge between Government and Private Hospitals, furnishing of information about private establishments to the public and to higher authorities etc.

REGISTRATION OF NURSING HOMES

Delhi Nursing Home Registration Act, 1953 was once amended in 2003 & the Rules were amended in the year 1966, 1992 and then in the year 2011. The copy of Act and rules is available on the website of Health and Family welfare Delhi. The owners/applicants of private nursing homes and hospitals are registered as per provision under the said act and rules and it is mandatory. After registration the Nursing Home Cell also monitors that quality of health services as prescribed under the said act and rules are kept maintained. The forms for registration are available on the website and can be downloaded. Fee for form has been prescribed as Rs 100/- that can be paid while submitting the form for registration along with the requisite prescribed fee for registration. The fee is to be paid through demand draft of any bank in favour of Director General Health Service's payable at Delhi.

COMPLAINTS:

It has been observed that while obtaining treatment the general public faces certain difficulties ranging from administrative in nature to deficiencies in services. Any complaint/grievance in regard of nursing home by general public may also be sent to the Director General Health Services/Nursing Home Cell. The complaints are examined preliminarily and after gathering the detailed comments from the concerned hospital and also

from the complainant, they are dealt accordingly. Depending on the nature of complaint they are also referred to Delhi Medical Council (DMC) for an enquiry and the orders passed by DMC are implemented. The complaints are also received through PGMS, CPGRAMS, NHRC & PGC etc. There are around 275-325 complaints received every year which are dealt in time bound manner.

INFORMATION UNDER RTI ACT:

The cell receives more than 450 applications in a year to receive information under RTI Act to know various kinds of details.

HUMAN RESOURCE FOR NURSING HOME CELL:

The cell is highly short of staff and carries out all these activities with the help of only two SAG level officers and two dealing assistants. This causes delay in execution of work at times which is beyond control.

Status of Nursing Home Registrations (2015-16).

- Total No. of Registered Nursing Homes (as on 31.03.2016) : 1057
- Total No. of New Registrations during the year (2015-16) : 76
- Total No. of Registrations cancelled during the year (2015-16) : 13

List of registered private nursing homes/hospitals with relevant details as on date is as below, however it is being examined and list shall be upgraded shortly.

6.4. ECONOMICALLY WEAKER SECTION

Poor patients whose Family Income is less than the minimum wages fixed for an unskilled worker by the Government of Delhi (as on this day it is Rs. 9187/ PM or Rs. 110136/ Per Yr. w.e.f. 01.10.2015) can get treatment free of cost from any of the identified private hospitals (whose names are given below) in Delhi apart from all the Government hospitals. Here word “free” means free in all respect.

In these Private hospitals, as per the order of the Hon’ble High Court of Delhi dated 22/03/2007, in WP (C) 2866/2002 in the matter of Social Jurist vs. Govt. of Delhi & ors, 10% of total bed strength need to be kept reserved for patients of EWS category. Likewise 25% OPD must be reserved free of cost.

These private hospitals were identified on the basis of the terms & conditions of their lease deed with or allotment letter by the land owning agencies in Delhi which are DDA, L&DO, MCD, DUSIB which provide land to these on concession rates too cheap as compared to existing market rates.

Identifying EWS category

In Delhi the Food & Supply department has issued NFS Cards to all BPL and AAY card holders. As of now this NFS Card is a valid and sufficient document for identifying EWS category of patients.

However as per the guidelines issued by the Government of Delhi, a patient can be

referred to these private hospitals by any Officer authorized by LG/ CM/ Min. of Health/ Secretary (Health).

Nodal Officers and Assistant Nodal Officers have been appointed in all Government hospitals and in all these identified private hospitals. Liaison Officers from Government hospitals Linked to private hospitals assist Nodal/ asst. Nodal Officers.

Monitoring

Although all private hospitals are supposed to furnish data on-line regarding free treatment provided to EWS category of patients and also furnish the same in hard form however a monitoring cum inspection committee has been constituted by the Hon'ble High Court of Delhi consisting of following members to inspect functioning of these private identified hospitals.

- (1) Secretary (Health) the Chairman;
- (2) Director General, Directorate General of Health Services; GNCTD;
- (3) MS Nursing Home, DGHS (HQ); GNCTD;
- (4) Addl. Dir. (EWS), DGHS (HQ), GNCTD;
- (5) Mr. Ashok Aggarwal, Advocate & Social Jurist (Petitioner)

One can access the availability of free beds in these private hospitals online any day anytime. Log on to <dshd.delhigov.nic.in/mis/login/login.aspx> then click< Availability of Free Beds>

(Indraprastha Apollo Hospital, Sarita Vihar, New Delhi, as of now, not providing free treatment but on concession rates. In this respect a case is pending in the Hon'ble Supreme Court of India).

WHERE TO APPLY

Duly filled Application form along with other supporting documents is to be submitted in the O/o Medical Superintendent of the concerned Hospital where the patient is undergoing treatment.

Total No. of patients from 1st April 2015 to 31st March 2016:

Delhi Arogya Nidhi	Number of Patients	Amount Sanctioned
	217	13252687

6.7. DELHI GOVERNMENT EMPLOYEE'S HEALTH SCHEME

Delhi Government Employees Health Scheme (DGEHS) was launched in April 1997 with a view to provide comprehensive medical facilities to Delhi Government employees and pensioners and their dependants on the pattern of Central Government Health Scheme. All health facilities (hospitals/dispensaries) run by the Govt. of NCT of Delhi and autonomous bodies under Delhi Government, local bodies viz. MCD, NDMC, Delhi Cantonment Board, Central Government and other Government bodies [such as AIIMS, Patel Chest Institute (University of Delhi) etc. are recognized under the scheme. In addition, Private Hospitals/Diagnostic centers notified from time to time are also empanelled/ empanelled as referral health facilities. The scheme has been modified for the benefit of beneficiaries vide Office Memorandums dated 06.10.2003, dated 21.2.2005, dated 25.10.2007, dated 28.07.2010, 31.01.2012 and 27.04.2012, 17.08.2015

OBJECTIVE OF SCHEME

It is a welfare scheme with the objective to provide comprehensive medical care facilities to the Delhi Government employees/ pensioners and members of their families on the lines of CGHS.

STATICSTICS AT A GLANCE

Total hospitals/diagnostic centers empanelled in NCT-126

Total hospitals/diagnostic centers empanelled in NCR-35

SALIENT FEATURES OF THE SCHEME

Comprehensive health care services to employees and pensioners of Delhi Government through network of Delhi Government dispensaries, Hospitals and Govt./Private empanelled Hospitals and Diagnostic Centers

All Hospitals/Dispensaries under Delhi Govt., its autonomous bodies and under local self Governance Bodies (viz. Municipal Corporation of Delhi, New Delhi Municipal Council and Delhi Cantonment Board) are recognized for the purpose of medical attendance. Under the scheme it is envisaged to empanel Private Hospitals and Diagnostic Centers in addition to already existing Government facilities for the beneficiaries for availing hospital care and diagnostic facilities. These Private Hospitals/ Diagnostic centers are also envisaged to provide cashless facility in case of medical emergencies to the beneficiaries.

Based upon CGHS pattern

Membership is compulsory for all eligible serving employees of GNCTD and for retired employees they have to opt. the scheme at the time of retirement.

Each beneficiary (employee/pensioner) to get attached to Delhi Government Allopathic Dispensary/ Hospital and that would be his/her AMA for all the purpose.

Benefits of the scheme are prospective in nature.

On the basis of prescribed rate of Contribution for its membership.

Treatment facilities – cashless facility for all beneficiaries during emergency in empanelled private hospitals, and for pensioners' cashless facility is available even in non emergent conditions.

Prevailing CGHS rates for availing treatment/diagnosis in private empanelled hospitals/diagnostic centers.

FACILITIES PROVIDED TO MEMBERS

The following facilities are being provided to the beneficiaries through the recognized health facilities under DGEHS i.e Govt. dispensaries/ hospitals & private empanelled hospitals:

Out Patient care facilities in all systems.
 Emergency services in Allopathic system.
 Free supply of necessary drugs.
 Lab. and Radiological investigations.
 Super specialty treatment i.e. Kidney transplant, CABG, Joint replacement etc.
 Family Welfare Services.
 Specialized treatment/Diagnosis in Govt. /private empanelled hospitals/Diagnostic centers under DGEHS.
 Provision of machines such as CPAP, BIPAP, Oxygen Concentrator and Hearing Aid. IVF and Bariatric Surgery.

ACHIEVEMENTS DURING 2015-16

Sanction of approximately Rs. 90 Crores was issued to empanelled hospitals/Authorized local chemists on the account of providing cashless facility in respect of pensioners.

Technical opinion in about 1500 files was provided in files received from all the Departments/Autonomous Bodies under GNCT of Delhi in the MRC Branch.

Replies to about 235 RTI matters and 60 matters of PGMS were also provided to the applicants.

Approximately 800 misc. correspondences/VIP matters were also dealt.

The issue of Smart card and other policy matters for betterment of scheme are under consideration.

6.8. CENTRAL PROCUREMENT AGENCY (CPA)

Central procurement Agency (CPA Cell) for drugs was established in Directorate of Health Services as a part of implementation of one of the main aim of 'Drug Policy' of Govt. of Delhi announced in 1994. The agency is to make available good quality drugs at affordable price in all Government of Delhi Hospitals/Health Centers. The agency was started with the objective of making pooled procurement of essential drugs after inviting tenders and placing supply orders for the drugs for all institutions/hospitals in the state of Delhi. The pooled procurement programme was to be implemented in three phases.

The scheme "Central Procurement Agency" initially implemented under Drug Control Deptt. and now has been transferred to Directorate of Health Service w.e.f. 1.3.2000 now located at F-17, Karkardooma. The Broad objectives of the scheme was to procure drugs centrally required by the hospitals and various health centers situated different part of Govt. of Delhi and their distribution to these institutions ensuring high quality standards with comparatively low cost. By creating procurement agency the state will be in a position to procure drugs at competitive rates. Because of larger size of orders being placed with the pharmaceutical firms, ensure the availability of drugs which are uniform and good quality & in generic names in all Health Units of State. CPA also ensure the quality of medicines by testing the randomly picked up medicines & surgical consumables in NABL approved Laboratories. In this system of procurement, pit falls of multi point procurement system will also be over come. Therefore, it is proposed to sustain the scheme during 11th five year plan period.

Central Procurement Agency (CPA Cell) for drugs was established in Directorate of Health Services as a part of implementation of one of the main aim of 'Drug Policy' of Govt. of Delhi announced in 1994. The agency is to make available good quality drugs at affordable price in all Government of Delhi Hospitals/Health Centers. The agency was started with the objective of making pooled procurement of essential drugs after inviting tenders and placing supply orders for the drugs for all institutions/hospitals in the state of Delhi. The pooled procurement programme was to be implemented in three phases.

The scheme "Establishment Central Procurement Agency" was initially implemented under Drug Control Department and was transferred to Directorate of Health Services w.e.f. 1.3.2000. The agency as a unit of DHS is located at F-17, Karkardooma, Delhi. The broad objective of the scheme was to procure quality drugs centrally required by the hospitals and various health centers situated in different parts of Delhi and distribution to these

institutions ensuring high quality standards with comparatively low cost. Through this system, the state is in a position to procure drugs at competitive rates because of larger size of orders being placed with the pharmaceutical firms, ensuring the availability of drugs which are uniform and good quality of medicines by testing the randomly picked up medicines and surgical consumables in an NABL approved laboratories. In this system of procurement, pit falls of multi point procurement system are also over come.

Central Procurement Agency is closing and its place 'Delhi Health Care Corporation Limited' shall henceforth be managing the affairs of procurement of GNCT of Delhi.

6.9. COURT CASE CELL

Court Case Cell in DHS (HQ) deals with the court cases filed or defended by the Directorate of Health Services or Health & Family Welfare Dept. of Govt., of N.C.T. of Delhi. It receives petitions from different courts and after perusal of the contents this cell forwards it to law deptt. For appointment of Govt. counsel for defending the case and also forwards the same to conscernd branch for parawise comments for filing counter affidavit. The Court Case cell also processes and filed cases / apeals of different branches in the relivent courts. It also receives summons/attends the courts/briefs the govt. counsel is also processed by the court case also processed by the court case Cell.

6.10. CENTRAL STORE & PURCHASE

The activities undertaken by the store & purchase:

1. Store & Purchase Branch at DHS (HQ) carries out procurement, storage and distribution of lab, consumable, general items, stationary items, furniture items, miscellanies equipments / items for dispensaries and Seed PUHC under Directorate of Health Services.
2. AMC / CMC of all Equipments (inverters, refrigerators pharmaceutical, semiautomatic blood analysers, etc.).
3. Co-ordination between six District Sub Stores for CPA medicines and surgical consumable items.
4. Sanction of CPA medicines and surgical consumable items bills of six District Sub Stores under DHS.
5. Procurement of medicines for eligible poor patients under Delhi Arogya Kosh, DHS (HQ).
6. Non CPA tender (General stationary items, lab items, etc.) process.
7. Co-ordination of functions and meetings of technical purchase committees and tender related activity.
8. Maintenance of central store for items concerned with store and purchase and also CPA products which is an additional task.
9. Stock Entries and maintenance of stock registers, entries of challans.
10. Entries of bills in stock registers.
11. Proper maintenance of store.
12. The achievement of store and purchase branch for the year 2015-16.
13. Finalization of General & stationery tender.
14. Finalization of Lab consumable items tenders.
15. Finalization of tender for 20 ltr package during water for DGD's & Seed PUCH,s that do not have Jal Board supply
16. Management of store and 20/% buffer stock of procured medicines through C.P.A for Delhi Govt. hospital and District Drug Store.
17. Providing of mobile lab (PotableLab) for 3 Aam Addmi Mohalla Clinics
18. Issue and indent of Medicines even on Saturday & Sunday as required for E.D.L availability.
19. Procurement of medicines for patients from Delhi Arogya Kosh/ Delhi Arogya Needhi.
20. AMC and CMC of Lab equipments, photocopy machines, inverters etc. installed in various office and DGD's, GNCTD.
21. Provided general items for Mohalla Clinic (Pilot Project).

6.11. BIO MEDICAL WASTE MANAGEMENT CELL

Ministry of Environment and Forest, Govt. of India notified the Biomedical Waste (Management & Handling) Rules, 1998 in exercise of power conferred under sections 6,8 and 25 of the Environment (Protection) Act, 1986. However. Ministry of Environment, Forest and climate change, Govt. of India notified the new Bio Medical Waste Management Rules, 2016 on 28th March, 2016. The Delhi Pollution Control Committee has been designated as Prescribed Authority to implement these rules in the National Capital Territory of Delhi. The Lt. Governor of Delhi has constituted an Advisory Committee which has 10

members with Pr. Secretary (H & FW), Govt. of NCT of Delhi as Chairman and Director (Health Services) as Member Secretary/Convenor

There are 109 hospitals (including Ayurvedic Hospitals, Maternity/Home, IPP VIII) in the Govt. sector, 1050 (approx) registered Nursing Homes in Private Sector and large number of Hospitals, Health Centers run by Government as well as Non Government Organization. In order to facilitate the proper treatment of the biomedical waste generated from dispensaries, smaller Nursing Home/Clinics Blood Bank/Diagnostic Laboratories etc., the Government has taken initiatives to establish centralized waste treatment facilities

The Delhi Government has purchased land from Delhi Development Authority (DDA) for establishment of Centralized Biomedical Waste Treatment facilities at Okhla and Nilothi in Delhi. The Okhla plant has become operational on 11th November 2006 and Nilothi plant is operational since April 2011. A third facility M/s Biotic Solutions registered with DPCC is also operational in Delhi since October 2009. However, Synergy Waste Management Pvt. Ltd. has closed its plant on 18/5/2015 and handed over the land to CDMO (SE), Dte. General of Health Services on 20/5/2015 after completion of 10 years contract period. Biomedical Waste is collected from all sources in Delhi, transported and treated in these Common Bio-medical Waste Treatment Facilities (CBWTF).

Objectives

1. Facilitation of Biomedical Waste (Management & Handling) Rules 1998 and amendments thereof.
2. Reduction of health care waste induced infection/illnesses and patient safety.
3. Dissemination of the provisions of Acts and Rules to the health care personnel, and also the community at large.
4. Capacity building of health care institutions to manage biomedical waste.
5. Strengthening of monitoring mechanism at state and district level.
6. Coordination with other agencies.

Basic data of Bio Medical Waste Management in Delhi.

Quantum of biomedical waste generated in Delhi	: Approx.13641.22 Kg. per day As per DPCC Estimate
No. of Healthcare establishments in Delhi	: 2070 (based on applications received in DPCC)
No. of Delhi Government Hospitals	: 39
No. of Delhi Govt. Dispensaries/Polyclinics	: 266
No. of Mohalla clinics	: 66 up to 31/3/2016.
Service providers in r/o Common Biomedical Waste Facility in collaboration with Govt. of Delhi.	

Service providers in r/o Common Biomedical Waste Facility in collaboration with Govt. of Delhi.

Trainings:-

The BMW Management Cell has been conducting regular trainings of all categories of health care workers independently and jointly in collaboration with Centre for Occupational and Environment Health, Maulana Azad Medical College, New Delhi. Since training is an ongoing process to improve the skills and knowledge, all the Health care workers including doctors, nurses, paramedical staff etc. have been trained in BMW (Management & Handling) Rules 1998, at least once. Sensitization programme on International World Hand Hygiene day was held on 5/5/2015 for newly recruited Medical Officers and ANM from all Districts in collaboration with Indian Society for Hospital Waste Management. Training programme on Bio Medical Waste Management and Injection Safety was conducted on 18/8/2015 and on 26/8/2015 for newly recruited Medical Officers and Nodal Officers of BMW Mgmt from all Distt. of Dte. of Health Services, GNCT of Delhi. Training Programme on BMW Mgmt. and Injection safety was conducted on 27/11/2015 for ANM / PHN of all Districts, SHS and MHS and on 2/12/2015 for Staff Nurses of all Delhi Govt. Hospitals. Training programme on Bio Medical Waste Management was conducted for Medical Supdt. of All Delhi Govt. Hospitals and Nodal Officers of (BMW Mgmt) on 25/2/2016. Beside these training programmes

periodical quarterly review meeting of Nodal Officers (BMW) from all districts of DGHS conducted throughout the year (2015-16).

Awareness generation: -

Further, regular awareness activities are also being undertaken by the Biomedical Waste Management Cell, Directorate of Health Services through Outdoor banners, print media and interpersonal communication. Posters on biomedical waste management are displayed in health care facilities for health care workers and the general public at large.

Environment Management Group: -

As per the Advisory Committee , it is suggested to constitute a dedicated Environmental Management Group (EMG) in all Govt. Hospitals having 100 beds and above, headed by the Medical Superintendent/Medical Director of the Hospital and consisting of other members e.g. Nodal Officer (BMW), concerned Engineers from PWD/Engineering Division, Paramedical staff etc.

Dte. of Health Services, Govt. of NCT of Delhi constituted Environmental Management Cell with the Director as Chairperson and SPO BMW Management as State Programme Officer of Environmental Management Cell.

The mandate of EMG will be to look after the matters concerning implementation of the requirements under Pollution Control Laws including BMW Rules, Air & Water Acts etc. as given below:

- The Biomedical Waste (Management & Handling) Rules, 1998
- The Municipal Solid Waste (Management & Handling) Rules, 2000
- The Water (Prevention & Control of Pollution) Act, 1974
- The Air (Prevention & Control of Pollution) Act, 1981
- The Environment (Protection) Act, 1986
- The E Waste (Management & Handling) Rules, 2011
- The Batteries (Management & Handling) Rules 2011
- The Water (Prevention & Control of Pollution) Cess Act, 1977
- The Hazardous Waste (Management, Handling & Transboundary Movement) Rules 2008
- The Plastics Manufacture, Sale and Usage Rules, 1999
- The Delhi Degradable Plastic Bag (Manufacture, Sale and Storage) and Garbage (Control) Act, 2000
- The Noise Pollution (Regulation and Control) Rules 2000

Advisory Committee:-

A meeting of Advisory Committee for Bio-medical Waste Management was held on 11th May, 2015 under the Chairmanship of Secretary (Health & Family Welfare) in his Chamber at 9th Level, Delhi Secretariat, New Delhi-110 002, to discuss the issues regarding Bio-Medical Waste Management and streamlining the system in Delhi. Following issues were discussed:

1. The Committee deliberated on the issues arising in the event of closure of M/s.Synergy waste Management Pvt .Ltd at Okhla near Sukhdev Vihar w.e.f. 18 / 5 / 2015.In Compliance of High Court Order and with directions of Directorate of Health Synergy Waste Management Pvt Ltd.closed its plant on 18/5/2015 and handed over the land to CDMO (SE), Dte. Of Health Services on 20/5/2015.
2. The Committee deliberated on the plan redistribution of districts which will be in addition to the districts already allotted to Operators vide DPCC OM No. DPCC/WMC-I/CBWTF/2014 / 1478 dated 24 / 2 / 2014.

- To further strengthen the awareness activities proactively in the slum and J.J. Colonies of Delhi, this year, the Directorate has selected 10 NGOs under GIA and they will be working in the field of antiquackery and will submit the report to Antiquackery Cell, Dte. of Health Services. Also it is planned to put health messages cautioning people about Quacks/fake doctors through various Medias including electronic media, print media, radio jingles, outdoor etc. throughout the year.

6.13. DELHI STATE NURSING CELL

Delhi State Nursing Cell came into existence with the release of one time central assistance for up-gradation/ strengthening/ establishment of state nursing cell during XI plan period with Rs. 90 lacs (Rupees Ninety lacs only) on 18.5.2010. The location for the cell was identified at sixth floor and letter to set –up cabins and other civil work was sent to Executive Engineer (civil), PWD. Simultaneous many steps were taken namely opening the bank account, getting MTNL telephone lines, appointment of part time nursing consultant, correspondence with Delhi Nursing Council, Principal Secretary (Health) for information regarding nursing personnel working in the Delhi Govt. institutions.

Although the scheme was existing since 2010 but it became operational only after March 2014 when the appointment of Additional Director, DSNC was made.

The work initiated during the year 2014-15 was taken forward and the activities started with organization of one day program to celebrate the nurses day on line with the theme of International Council for Nurses, and eminent nursing speakers were invited to talk on Nurses a Force for Change: Care effective, Cost Effective. The preparation for training schedules was made. The 13th Induction training workshop was organized from Nov 23-26, 2015 for 70 newly recruited Staff

Nurses at the Conference Hall, DGHS (HQ). The participants in two groups were also taken for hospital visit to Dr Hedgewar Arogya Sanasthan and Lal Bahadur Shastri Hospital.

The data was called from all 37 hospitals, dispensaries spread in eleven districts, School Health Scheme, Mobile Health Scheme, to create data and information about nurses working in the health system of NCT of Delhi. The data was received from majority of the establishment and is presented in the following tables.

Table 1

Proposal for computerization of the cell was initiated. A sum of Rs.3 lakhs (Rupees Three lakhs only) under Plan Scheme under the budget head 2210 80 80 07 80 042 was also sanctioned.

Only one Public Health Nurse was posted in DSNC on detailment. Two nurses used to be posted only for few days whenever there was training workshops as additional helping hands.

The administrative matters pertaining to court, vigilance cases, expansion of Nursing Staff engaged on contractual basis, clearing the pending ACP/MACP cases, amendment/framing of RRs, transfer, posting , maintenance of seniority list of all category of Nursing personnel could not be done due to lack of human resources.

The direction to Deputy Secretary (HR Nursing) to organize shifting of record from Secretariat through administrative branch was issued vide Order No F/41/B/94/DHS/DSNC/2015 SSHFW/587-593 dated 08.12.15 under the signature of special Secretary. The order stated that Sh Navin Kumar, Office Suptd., Sh R R Singh, Deputy Secretary (HR Nursing) shall work in DSNC as overall In-charge. The only PHN was also directed to report at Vikas Bhawan II who never reported at Vikas Bhawan and was on leave w.e.f. 08.01.16 to 18.04.16.

Then in continuation Vide Letter No F 41/1(P)028/DHS/DSNC/2014/1397-63-71 dated 17.12.15 issued by Addl Director (HQ)/HOO with direction to prepare a complete list of files and records of DSNC and to ensure all necessary arrangements are made for shifting the record by 18/12/2015. The order mentioned that the functioning of DSNC is from Vikas Bhawan II, from 21/12/2015. The orders were only partially implemented.

6.14. TRANSPLANTATION OF HUMAN ORGANS ACT (THOA) CELL

Ministry of Health & Family Welfare, Govt. of India notified on 27th March 2014, the Transplantation of Human Organs and Tissues Rules, 2014. As per old Rules, the No objection Certificate given to the Donor or the Recipient if the transplantation surgery is done outside the State, where he or she is residing. However, the NOC process has been removed and in place of it Form-20“ Verification of residential status, etc–When the living donor is unrelated and if donor or recipient belongs to a State or Union Territory, other than the State or Union Territory where the transplantation is proposed to be undertaken, verification of residential status by Tehsildar or any other authorized officer for the purpose with a copy marked to Appropriate authority of the State or Union Territory of domicile of donor or recipient for their information shall be required.

6.19. DISASTER MANAGEMENT CELL (P H-II)

Introduction

Disasters are known to strike without warning. The government, local bodies, voluntary bodies have to work in coordination & cooperation to prevent or control disasters, wherever the need arises. Being a mega-city and capital of India, eventualities in the form of floods and outbreaks like cholera and dengue, terrorist attacks have been witnessed in the past. Delhi is located in a high seismic Zone of the country and the possibility of major earthquakes is very real. Disaster Management Cell works within the confines of mandated functions under Disaster Management Act 2005. The cell is focussing on the lead function “Medical Response & Trauma Care” and support function “Search/rescue and evacuation of victims under expert care in emergencies.

Activities under the scheme

Directorate General of Health Services is implementing the plan scheme on Disaster Management as part of State Disaster Management Plan.

The existing guideline for provision of care in Medical Response & Trauma Care at three levels (Pre-Hospital Care, Transit Care, and Hospital Care) is in place.

Achievements during 2015-16

Training on Emergency Medical Response as part of creation of 1st responders is one of the prime activity. Two hundred twenty seven Pharmacists/ANM/Dresser/Nursing Orderly working in Health Centres under Government of Delhi were trained.

As part of medical rehabilitation of victims arising out of crisis situation in the past, the victims undergoing treatment are being provided with support for medical rehabilitation.

All the responding units are issued guidelines on regular bases to update the three arms of care for effective delivery of Medical Response & Trauma Care.

Pre-Hospital Care

Transit Care

Hospital Care

6.20. NON COMMUNICABLE DISEASES CONTROL PROGRAMME (NPCDCS)

Directorate of Public Health: The plan scheme “Directorate of Public Health” under GNCTD & the programme “NPCDCS” under NHM are focussing on Non-communicable Diseases (Hypertension/Diabetes) and other issues.

The following activities were undertaken.

Monitoring & supervision of bi-weekly DT/HT clinic in all Hospitals under GNCTD.

Facilitation of opportunistic screening for DT/HT through Health Centres under GNCTD all over Delhi.

Facilitation of field level screening/counselling on DT/HT

The prepared education materials on DT/HT are utilized in Health Centres and in field activities.

6.21. CANCER CONTROL CELL

The activities under “Cancer Control Cell” are being undertaken with two basic objectives.

Sustained information dissemination pertaining to danger signals (early signs/symptoms) of Common Cancers (Breast Cancer, Oral Cancer & Cervix Cancer) & adoption of healthy life style habits towards prevention.

Facility up-gradation for treatment of cancer

Various activities undertaken in 2015-16 under the programme were as under:-

World Cancer Day celebrated in all the Districts & Hospitals

Facilitation of screening through Health Centers based on danger signs/signals of Cancer & reference of the suspected cases to Hospitals.

Weekly Cancer Clinics in Hospitals with focus on counseling, early detection and treatment of common cancers.

6.22. NATIONAL LEPROSY ERADICATION PROGRAMME: DELHI 2015-16

Introduction

Leprosy, a chronic disease caused by infection from *Mycobacterium leprae*. It spreads from one untreated patient to another person via respiratory tract or injured skin. Leprosy is curable and free treatment is available in all government hospitals and dispensaries in Delhi.

Leprosy is classified into two categories: Multibacillary (MB) and Paucibacillary (PB). Treatment is simple and all newly detected cases must be started on an

appropriate MDT regimen immediately. MDT is the combination of Rifampicin, Clofazimine & Dapsone for MB patients and Rifampicin & Dapsone for PB patients. Leprosy is associated with intense stigma because of the disabilities and deformities that result from leprosy. Most of disabilities are preventable. Damage to peripheral nerves supplying the hands and feet, result in loss of sensation over the area supplied by the nerve and paralysis of the muscles supplied by them.

Disability due to leprosy can be prevented by early detection of disease, adequate advice and explanation regarding disease and complications and prompt and appropriate management, if disability sits in. The social stigma attached to leprosy and the social discrimination against its suffering is beginning to weaken as the message that the disease now completely curable is spreading far and wide. Community awareness has also increased over the years.

Objectives of NLEP:

- Improve early case detection
- Improved cases management and care after cure
- Stigma reduced
- Development of leprosy expertise sustained
- Research supported evidence based programme practices
- Monitoring supervision and evaluation system improved
- Increased participation of persons affected by leprosy in society
- Programme management ensured

Strategies:

- Integration of leprosy services in general health care system including health care institutions managed by local bodies (MCD, NDMC and Cantonment)
- Well organized referral system to the needy patients
- Further reduction of leprosy burden in Delhi (New case detection and disability cases).
- Elimination of stigma attached to Leprosy with intention to domiciliary treatment and inclusion of patient in family.
- Prevention of disability & Rehabilitation.
- Early case deduction and adequate treatment (MDT)
- Prevention of leprosy related disabilities (POD), and
- Comprehensive rehabilitation (IBR) and CBR)
- Monitoring and evaluation of NLEP
- Surveillance of drug resistance (MDT)

Salient Features of NLEP Delhi:

1. Implementation of NLEP through NRHM (SPMU, DPMU)
2. There is a strong political commitment to further reduce the burden of leprosy
3. Result Based Decentralized Planning with integrated setup involving districts and grass root level functionaries.

4. NLEP is ensuring availability of MDT Drugs through districts to all health care institutions
5. Strong commitment for quality diagnosis and treatment in all Health Care Institutions
6. Establishment of referral for suspected, and complicated patients to district hospitals
7. Involvement of ASHA, NGOs, RWA in Anti Leprosy Activities
8. There is ILEP technical support in all eleven districts
9. NLEP is Involving treated leprosy patients in IEC and DPMR activities
10. Time to time school surveys, employees survey, targeted intervention are carried out
11. NLEP is participating in big social & religious gatherings.
12. IEC activities are carried out in vernacular language & display in the offices.
13. Relevant Messages are disseminated through newspaper, TV, Radio and Telephones
14. Regular conduction of prevention of disability and technical training to all health care personnel
15. Disability Care and Medical Rehabilitation including reconstructive surgeries (RCS)
16. Reporting of cases to DLOs & State Health Directorate as per simplified information system (SIS)
17. Computerization of records, maintenance mandatory district master register
18. Assisting mobility of monitoring staff-provision of hired vehicle in each district.
19. Supportive supervision at state and district level.
20. Evaluation, feedback and revised action.
21. Incentive, awards and recognition to good workers for better motivation.

Achievements of NLEP Delhi:

Leprosy burden

Intensive anti-leprosy activities started during the last decade only. Prevalence of Leprosy in Delhi has come down to 1.17 per 10,000 populations in March 2016. The rigorous Information Education & Communication (IEC) activities, active search and MDT services were carried out regularly. The active search has been stopped in 2004. New patients are voluntarily reporting to health care institutions. Similarly new cases detection rate has reduced to 11.22/100000 population for Delhi Patients.

Strengthening of referral system

Each district has referral hospitals. All referral hospitals have a referral team consist of Dermatologists, Orthopaedicians, Ophthalmologists, PMR Specialist, Physiotherapist and Lab Technician. Dermatologist is the coordinator for this team. Referral of patients is required for confirmation of diagnosis or specialized care for reaction/disability care.

Referral Centres (Hospitals) for Leprosy in various Districts of Delhi.

Involvement of ASHA and Community volunteers

ASHA is involved in following areas for leprosy control activities:

- Generating awareness in the community in local language to reduce stigma.
- Encourage self reporting of suspected patients for early case detection and treatment.
- Identify/ suspect leprosy completions in the community and refer them to the treatment centre.
- Ensuring leprosy treatment regularity and its timely completion.
- Encouraging leprosy disabled persons to practice self care (as advised by doctor/ health worker).
- Encouraging the leprosy affected persons for health contact examination of their family.

Reduction of Stigma and Discrimination:

Various IEC/BCC activities (involving electronic, outdoor and interpersonal communication) are conducted by national leprosy eradication programme in Delhi. A State level workshop was also conducted for religious leaders in Delhi. The commitment made by religious leaders for reduction of stigma has far reaching results.

Disability Prevention and Medical Rehabilitation:

After achieving the primary goal of eliminating leprosy as a public health problem, prevention of deformities and disabilities has been given higher emphasis during

the 12th Five Year Plan period (2012-2017). The DPMR services are to be provided through the infrastructure already existing. The Objectives of DPMR (Disability Prevention & Medical Rehabilitation) are to prevent disabilities and worsening of existing deformities in all needy leprosy affected persons cases, both patients on treatment and those released from treatment and to develop a referral system for providing POD services to all leprosy patients. For correction of disability, surgeries were conducted by various hospitals in Delhi.

Remember Five Points for Advocacy for Leprosy:

1. Leprosy patches are painless
2. Patches are without itch
3. Leprosy is not a killer disease
4. Leprosy is curable with MDT
5. MDT is available free of cost in all Govt. hospitals and dispensaries

6.23. STATE AWARD SCHEME 2015-16

Introduction

State Awards to Service Doctors working in Delhi was first started in the year 1997-98. Under this scheme 20 Service doctors from Allopathy, Homeopathy and Indian System of Medicine who are working under Govt. of NCT of Delhi for the last 15 years or more with excellent services to the people of Delhi are conferred with the State award, every year.

The purpose of state award is to motivate the medical and paramedical staff for better quality service to the population of Delhi. In the award function held on 29th August 2006, Hon'ble Chief Minister announced that this award should also be given to Paramedical staff. Each awardee is given a memento, Citation certificate and cash award.

The award seeks to recognize work of any distinction and is given for distinguished and exceptional achievements/service in all fields of activities/disciplines, such as Medicine, Social Work, medical research, Public health, etc.

There ought to be an element of public service in the achievements of the person to be selected. It should not be merely excellence in a particular field but it should be excellence plus.

All Government Doctors and paramedical staff who fulfill the criteria without distinction of race, occupation, position or sex are eligible for these awards.

The award is normally not conferred to retired Doctors/Officials. However, in highly deserving cases, the Government could consider giving an award to Retired doctor/official if the retirement of the person proposed to be honoured has been recent, say within a period of one year preceding the Award function.

It was proposed that the award may be given to 20 Doctors and 31 Paramedical & Nursing staff during current Year. Hon'ble Chief Minister confers these awards to the meritorious candidates. At present each Doctor is given a cash award of Rs.100000/- and each Nurse/Paramedical staff is given Rs.50000/-.

The criteria of selection to the awards:

1. Meritorious/extraordinary work in the field of healthcare/ health promotion/ social service/ health research/ public health.
2. 15 years or more regular service under GNCT Delhi, MCD or NDMC.
3. Recommendations from Head of the department.
4. Vigilance Clearance and Annual confidential report/Work & Conduct report of the candidate.
5. Representation to different institutions, weaker sections.
6. Representation to different streams like Allopathy, ISM&H, Local bodies (Municipal Corporations & NDMC).

The HODs/ Directors/ Medical Superintendents will invite application from deserving candidate working in their institutions and scrutinise them. The recommended applications of the most deserving candidate will be forwarded to Director Health Services. The state award/search committee will decide the final list of candidates to be awarded.

The Approximate number of Awards:

The approximate No. of Awards to be conferred to meritorious candidates is 51. The details are as follows:-

1. Doctors	=	20
a. Teaching	=	5
b. Non-teaching	=	3
c. General cadre	=	8
d. MCD	=	1
e. NDMC	=	1
f. ISM&H	=	1
g. Dental	=	1
2. Nurses	=	11(Nurses, PHNs, ANMs)
3. Pharmacist/ Technician/ Supervisor /	=	10
4. Peon / SCC/ NO/Drivers & other Staff	=	10

The award /search committee on the advice of Government may relax the criteria of 15 years experience in Delhi government to the extra ordinary deserving candidates.

Composition of Screening /Search Committee:

The Screening/search committee will consists of following members:

- | | |
|--|----------------------|
| 1. Principal Secretary Health and Family Welfare | - Chairperson |
| 2. Dean Maulana Azad Medical College | - Member |
| 3. Special Secretary Health (dealing paramedical Staff) | - Member |
| 4. Medical Superintendent of 500 or more bedded hospital | - Member |
| 5. Medical superintendent of 100-200 bedded hospital | - Member |
| 6. Chief Nursing Officer of LNH or GB Pant or GTB hospital | - Member |
| 7. Director Health Services | - Convenor |

The number of awards conferred so far:

Year	Doctors	Paramedical/ Nursing staff
1997-98	20	
1998-99	19	
1999-00	20	
2000-01	20	
2002-03	25	
2003-04	15	
2004-05	20	
2007-08	19	50
2008-09	20	49
2009-10	22	49
2010-11	21	47
2011-12	20	50
Total	241	245

List of previous awardees is given at annexure I. The application from eligible candidate were invited and scrutinized by Screening Committee based on the recommendation from HODs/Directors/Medical Superintendents. Currently, the awards for the year 2013- 2014, 2014-15 will be conferred as soon as Hon'ble CM gives date and time for Award function.

6.24. SILICOSIS CONTROL PROGRAMME: 2015-2016

Introduction

Silicon Dioxide or Crystallized Silica causes fine dust to be deposited in the lungs. Silicosis is difficult to diagnose at its onset. Silicosis symptoms in varying degrees of severity begin to occur. Those affected may experience shortness of breath, fever, chest pain, exhaustion and dry cough.

The objectives of this programme to mitigate the effects of silicosis include:

1. Reduce new cases of Silicosis in Delhi
2. Capacity building of health care personnel.
3. Strengthen diagnostic facilities in health care institution
4. Awareness generation in the community through IEC/BCC activities specially silicosis prone area and
5. Clinical care and rehabilitation of silicosis affected people in collaboration with social welfare and urban development department.

Physical and Medical Survey

A physical survey was the joint venture of Directorate of Social Welfare and Directorate of Health services. The team consisted of 1 District Social Welfare Officer, 2 Research Officer, DHS, 3 Kanungo, revenue department 4 CDPO of Area 5 NCO-PRASAR, 6 Anganwadi workers (AWWs). The Social welfare Department has carried out its physical survey to bring the silicosis victims into antyodaya schemes and granting of pensions.

The health survey results showed that about 68 percent of the symptomatic people surveyed suffered from silicosis, silico-tuberculosis. A large percentage of people also suffered from hearing loss and malnutrition. The survey stressed on need for continued surveillance of the health of the people and a further comprehensive study on the health of Lal Kuan victims. Out of 240 cases suspected to be symptomatic only 165 symptomatic subjects presented for the study and 111 turned up for X-ray. Out of this only 104 subjects had occupational history. Almost 98 subjects presented with a history of working in stone crushers. Out of this 41 were found to be having silicosis. Only one case of silicosis had not have exposure. It appears that the exposure to dust was associated with silicosis in about 43% patients were also having deafness. In addition to this 82% subjects had low haemoglobin levels i.e. Anaemia.

Strengthening of Services

Health department is generating awareness about silicosis in the community. Doctors are being sensitized to suspect and detect cases of silicosis. The media interest on occupational hazards has triggered the voice to review occupational safety rules and implement them strongly across the county. The most significant effect has been the minds of the inhabitants of Lal Kuan. It has driven away the feeling of hopelessness and instilled sense of empowerment among the people giving them a new zeal to look forward to life. Active involvement of NGOs has brought public private partnership. Mobile medical vans are now visiting for four days a week. It is distributing free medicines for silicosis and other respiratory and Occupational disease. The

building of the Hospital/PUHC at Tajpur with X-ray facility. A Delhi Government Dispensary has also been opened in Lal Kuan itself.

Needed for the detection of the silicosis is almost complete. The survey of the medical team is complete a short report on the health survey has also been submitted to the Delhi Government.

Awareness Activities

Directorate of Health Services has conducted outdoor awareness activities involving metro trains and metro railings keeping in view widely distributed construction workers engaged all over Delhi.

Rehabilitation Strategies

1. A medical team consisting of occupational health experts conducted clinical survey of affected person in Lal Kaun area.
2. A multipurpose Community Health Centre (CHC) for the treatment of the occupational disease will be built at the Tajpur near Lal Kauan.
3. Delhi Government Dispensary has been opened in the area with focus to provide services to silicosis affected people.
4. The Social welfare department, health department and the urban development department will also explore and provide alternative livelihood opportunities for the citizens of Lal Kuan.

6.25. SPECIAL HEALTH PROGRAMME FOR GERIATRIC POPULATION

The population of persons over the age of 60 years has tripled in last 50 years in India. The population of Senior Citizens was 7.7% of total population in 2001 which has increased to 8.14% in 2011. It is estimated that around 14 lakh senior citizens are living in Delhi. Senior Citizens at large require holistic care to meet their social, emotional, health and financial needs. Delhi Government has already framed State Policy for Senior Citizens with commitment to provide Financial and Social security in form of Old Age Pension, Protection of Life and Property and Priority Health care.

Senior Citizens suffer from multiple chronic diseases like Hypertension, Cataract, Osteoarthritis, Chronic Heart Diseases, Diabetes, Nesual deafness and several types of Mental Disorder. These diseases results in disabilities affecting the activities of daily living . It has been reported that 8% of senior citizens are confined to their home or bed.

The following provisions have been made and being implemented to provide special health care services to Senior Citizens in Delhi –

1. General Health Care is being provided to all senior citizens on preferential basis in most Delhi Government Hospitals & Dispensaries.
2. Sunday Clinic for Senior Citizens in Delhi Government Hospitals except superspeciality and maternity & child hospital.
3. Provision of Separate Queues for Senior Citizens at OPD, Pharmacy, Diagnostic Facilities etc.
4. Senior Citizen Help Desk in most Delhi Government Hospitals has been set up at OPD.
5. Designated Nodal Officer exist in hospitals to address the grievances.
6. It has also been provisioned that inmates of various Old age home to be attended on priority in each hospital.

7. Screening of Senior Citizens at dispensary level for identification of hidden diseases / disabilities for which one is not aware or which have not been manifested and referral to appropriate higher level. In this activity ASHA worker has been engaged.
8. Training of Medical / Para medical staff on Geriatric Health care so that senior citizens can be attended with care and on priority basis.
9. IEC / Awareness Generation / Observation of International Day for Older Person and similar activities has been organised on 1st October to acknowledge the importance of Senior Citizens and create awareness on various services and provided by Delhi Government. Various Mass Media activities (Hoardings at rent free sites, Metro Trains panels, websites) were organised.
10. Public was sensitized about the various facilities provided to senior citizens in Delhi Govt. Hospitals.

6.26. NATIONAL PROGRAMME FOR PREVENTION AND CONTROL OF DEAFNESS

Introduction

Burden of Deafness:

Hearing loss is the most common sensory deficit in humans today. As per WHO estimates in India, there are approximately 63 million people, who are suffering from Significant Auditory Impairment; this places the estimated prevalence at 6.3% in Indian population. As per NSSO survey, currently there are 291 persons per one lakh population who are suffering from severe to profound hearing loss (NSSO, 2001). Of these, a large percentage is children between the ages of 0 to 14 years. With such a large number of hearing impaired young Indians, it amounts to a severe loss of productivity, both physical and economic. An even larger percentage of our population suffers from milder degrees of hearing loss and unilateral (one sided) hearing loss.

Objective of the programme:

1. To prevent the avoidable hearing loss on account of disease or injury.
2. Early identification, diagnosis and treatment of ear problems responsible for hearing loss and deafness.
3. To medically rehabilitate persons of all age groups, suffering with deafness.
4. To strengthen the existing inter-sectoral linkages for continuity of the rehabilitation programme, for persons with deafness.
5. To develop institutional capacity for ear care services by providing support for equipment and material and training personnel.

Components of the Programme:

The following components were looked in while implementing the programme:

1. Manpower training & development.
2. Capacity building.
3. Service provisioning, including rehabilitation.
4. Awareness generation through IEC activities.
5. Monitoring & evaluation.

Strategies:

- 1) Strengthening of service delivery including rehabilitation.
- 2) Developing human resource for ear care.
- 3) Promoting outreach activities and public awareness through appropriate and effective IEC strategies with special emphasis on prevention of deafness.
- 4) Developing institutional capacity of the district hospitals, community health centers and primary health centers, selected under the project.

Programme execution, expansion & achievement:

The GOI Programme Division has taken up and included 4 districts of Delhi in National Programme for Prevention and Control of Deafness (NPPCD Prog.). The “State Health Society Delhi” is implementing NPPCD programme in Delhi on district pattern through respective “Integrated District Health Society”. The districts of Delhi covered in the programme at present are: North East, Central, North West and West in 2015-16.

During the year 2015-16, ongoing activity of previous year was carried out i.e. continuation of district level human resource, recruitment of HR and procurement of PHC Kits could not be undertaken as formal budget allocation for fresh activity was conveyed late in the year. One Audiological Asstt. is in place against the approved post in Prog. The activities / achievements of ENT department of reporting hospital in Ear Care front (statistics) is enclosed.

Annual Performance Report for F.Y. 2015-16

6.27. FLUOROSIS MITIGATION PROGRAMME:-2015-16

Introduction

Fluorosis/ Fluoride poisoning among the population living in all the 9 districts of Delhi is quite common. But such information from Hospital records may not be available, possibly due to lack of awareness among the professionals. The health complaints recorded may have been mistaken for other disease. The drinking water fluoride level recorded from samples of groundwater from various areas of NCT of Delhi provided by the patients of Fluorosis are listed in Table.

Fluoride level in groundwater samples provided by Fluorosis patients

Sl. No	Area	Fluoride content in mg/L
1	Mohammadpur	2.50
2	PLAM	26.07
3	Green Park	19.33
4	Hari Nagar	1.50
5	Nangloi	14.51
6	Uttam Nagar	3.85
7	Shakarpur	6.67
8	Jangpura	2.44
9	New Roshanpura	14.00
10	Lodhi Road	4.00
11	Narela	4.87
12	Srinivaspuri	3.46
13	Sagarpur	32.51
14	Surajpur	4.32
15	Rohini	4.45
16	Masjid Moth	3.45
17	Rani Bagh	6.20
18	Okhla Village	5.95
19	Hari Nagar	24.61
20	Najabgharh	14.00
21	Durgapark, Nazirpur Road	3.42
22	Ambedkar Colony	12.50
23	J.J Colony Shakarpur	6.67

National guideline for fluoride in drinking water: 1.0 mg/L is the upper limit: lesser the better.

Study of drinking water quality of 7 villages in South West Delhi

There are reports available on drinking water quality with focus on fluoride with the support from the Ministry of Environment and Forests (GOI) for the systematic study of all drinking water sources in South West of Delhi (Plan area) 7 villages (200-2003).

Table study of drinking water sources in South West Delhi (Palam area) in 7 villages

Name of the village	Total sources existing and tested fluoride	No. of sources which are safe drinking water	No. of sources contaminated with F	Range of Fluoride contamination (mg/ l)
Maharani Enclave	128	22	106	1.10-12.59
Mohan Garden	83	32	51	1.10-2.21
Deepak Vihar	45	2	43	1.10-8.75
Palam Extension	74	10	64	1.10-8.24
Om Vihar	5	-	5	1.58-6.25
Suraksha Vihar	30	17	13	1.10-4.48
Hastal Village	122	21	101	1.10-12.89
Total	487	104	383	1.10-12.89

The results provide information not only on the extent of fluoride contamination, but safe drinking water sources co-exist along with the fluoride contaminated sources. Shifting a patient, from drinking fluoride contaminated water to an existing safe source should be the immediate concern of a Clinician. However, water quality test date should be shared with Delhi Jal Board to find a permanent solution of getting safe water for the community.

Considering the seriousness of the problem of Fluorosis in the National Capital Territory, Fluoride and Fluorosis Mitigation programme in NCTD is planned and proposed to be implemented commencing from 2007-2008 with well defined aim and objectives.

Aim and objectives of Fluorosis Mitigation Programme

Aim of the Fluorosis Mitigation Programme is to make Delhi free from Fluorosis and provide direction to the nation for Fluorosis eradication from the country.

Following objectives are envisaged for prevention and control the Fluorosis in the population:

1. Establishment Fluorosis Mitigation Cell in the Directorate.
2. Strengthening of Infrastructure. In hospital for diagnosis of Fluorosis and Training of Technicians to conduct diagnostic tests.
3. Capacity building of Health Professionals and Health Administrators, Health Workers & School Teachers through CMEs
4. Awareness generation in the community
5. Research and development activities on Fluorosis

6. Rectification of anaemia in pregnancy and low birth weight babies caused by fluoride poisoning will be dealt with on priority
7. Strengthening the monitoring system in health delivery outlasts / in field areas,
8. Printing reports / procuring books/ information material
9. Updating Private Practitioners through IMA/ any other channels

Strategy under the Programme

To meet these objectives various activities are being carried out in the form of:

1. Establishment of Fluorosis Mitigation Cell in the Directorate
2. Strengthening of Infrastructure in hospitals for diagnosis of Fluorosis
3. Capacity building of health care professionals
4. Awareness generation in the community
5. Research and development on Fluorosis
6. School Dental Fluorosis survey
7. Strengthening the monitoring system
8. Printing reports / procuring books / information material
9. Updating knowledge of Private Practitioners through IMA

Activities carried out under the Programme

1. Advocacy workshop on Fluorosis
2. Training of lab technicians where ion meter has been procured
3. Training of medical officers
4. Awareness generation in the community for prevention of Fluorosis
5. Collection of reports for silicosis cases form Hospital.

	TOTAL	0	0	206	206

As per reports received in the DGHS, GNCT Delhi, five districts namely North, Northwest, West southwest and Shahdara Districts are reporting Fluorosis cases.

6.28. TOBACCO CONTROL PROGRAMME 2015 -16

In Delhi, Tobacco Control programme is being executed through State Tobacco Control Cell, Directorate of Health Services, Dept of H & FW, GNCTD. Two act namely, Cigarettes and Other Tobacco Products Act (COTPA) 2003 and Delhi Prohibition of Smoking and Non – Smokers Health Protection Act 1996 are applicable in Delhi. Delhi is among the pioneer states in India which has separate tobacco control legislation even before enactment of Cigarettes and Other Tobacco Products Act (COTPA) 2003. Strict Enforcement of these acts is the main objectives of tobacco control programme in Delhi. Apart from that STCC Delhi is also implementing Tobacco Free Delhi Project with the aims to make Delhi Tobacco free Capital of India, DRY DAY for TOBACCO and various other activities to protect the people from the ill effects of Tobacco use.

A. FACTS ABOUT TOBACCO AND TOBACCO USE:

1. 41% male and 3.7% female in Delhi use any kind of tobacco product.

2. 14.1% students (upto age 15 yrs) currently use any tobacco products where 4.2% students currently smoke cigarettes and 11.9% currently use tobacco products other than cigarettes
3. Tobacco Products have 7000 deadly chemicals and among these toxic chemicals, 169 are known carcinogen
4. Every year in the world, around 50 lakhs people die each year due to Tobacco Use and in India; Tobacco is responsible for 9 lakh deaths per annum.
5. India has highest number of oral cancer in the world and 90% of all oral cancer is due to tobacco habit.
6. 40% - 50% of all Cancer cases in India are due to Tobacco use.

B. MAJOR ACTIVITY GOING ON UNDER TOBACCO CONTROL PROGRAMME IN DELHI

DRY DAY FOR TOBACCO ON LAST DAY OF EVERY MONTH:

Government of Delhi is observing DRY DAY for TOBACCO on last day of every month. On this particular day we appeal to all Tobacco Vendors for not to sell any Tobacco Products and also to Public for not to consume any Tobacco Products on that day. We publicized this concept to government / private offices/Departments) and various social medias. Apart from this Intensive Awareness & Enforcement Drives are being conducted through out the Delhi on this day.

Training Programmes

Training of Trainers programmes held = 18

Total participants in the Trainers of Training programmes = 356

11 meetings/ workshop has been conducted on M = Cessation Techniques.
Total participants-376

TOBACCO FREE DELHI INITIATIVE: A campaign to Make Delhi Tobacco Free, has been initiated with the aims to make Delhi, Tobacco Free Capital of India in phase manner. In first instance Delhi Police, Transport Department, Education Department and Health Department will be declared Tobacco Free and gradually it will be implemented in rest of the departments. The following activities has been focused under this initiative-

CAPACITY BUILDING / SENSITIZATION PROGRAMME: In FY 15 -16, we have conducted capacity building / sensitization programme in following manner –

Department / Group	No of Programme	No of Participants
DTC Depot / Transport Deptt	26	560 (driver, conductor and other staff)
Police Department	34	250
MNC-Deloite group Gurgaon	1	50
School / Educational Institutions	76	Around 1,16,900 students and staffs.
Health Department	142	1090
Supreme court	1	100
Shahdra Railway Station	1	60
Restaurants- Hookabar	10	306
NGOs / Civil Societies	08	540

- Identification of nodal officer from all Department / Building/ Offices: We have received list of nodal officers from various department for training / coordination purpose.

- Display '**Tobacco Free Zone**' board at the entrance of boundary wall in Hindi & English languages.
- Display of '**No – Smoking Signage**' along with the name and contact detail of Nodal Officer within the building at entrance, reception, prominent places of every floor, staircase, lift and other important places.
- Banning selling of tobacco products around all building under the departments by issuing self administrative order.
- IEC programme / awareness generation programme. Maximum utilization of departmental display board for dissemination of anti – tobacco messages.
- Ensure No-Smoking / Tobacco Free status within the premises.
- Instruction also sent for fine / challan procedure in case of non compliance of Tobacco Control Legislations & presence of direct / indirect evidence of smoking / use of gutkha like tobacco products within the premises.
- Ensuring ban on direct / indirect advertisement of Tobacco Products on State / Interstate Bus Services / Taxis / Autos / Trucks / Tempos /Others
- Display of Anti – Tobacco messages on Transport department properties, public service vehicles and bus / train / flight tickets etc
- Ensuring Smoke free / Gutkha like Tobacco free status in all public service vehicles – Buses, Taxis, Autos etc
- Apart from that regular inspection / monitoring is being conducted through State as well district units.

Others:-

Community based meetings in small groups of 20-30 people on tobacco related issues are being held regularly throughout Delhi.

- A. FIR lodged against Tobacco Companies:** In order to control over various surrogate advertisement going on through Electronic Media as well outdoor media and PoS violation FIR has been lodged at concern DCP office against 03 Tobacco companies namely Pataka Group, Sikhar Group and Kuber Group after serving strict compliance notice .Status action taken report asked from DCPs but ATR still awaited.
- B.** Apart from that Strict Compliance Notice has also been served to few News Channels namely Zee TV, Aaj Tak, and News 24 etc.
- C.** Complaint has also been lodged at Registrar General – Delhi High Court for violation of Section 4 with in High Court Complexes. Repeat reminder complaint lodged.
- D.** Letters to Bollywood stars were issued regarding not to participate in surrogate advertisement of tobacco product, A positive response from some was received for not to participate in future.
- E.** After the continuous effort, Tobacco related matters are being discussed at monthly crime review meeting at the level of SHO and district.
- F.** Special focus on e- cigarette and hookah bars have been stressed during sensitization and enforcement

Enforcement of Tobacco Control Legislation since 2007 - March 2016

○ No of Public Place and Public Service Vehicle Inspected	= 409366
○ No of Person Fined under Public Places and Public Service Vehicle	= 71456
○ No of Tobacco Vendors Fined	= 7082
○ Total fine Collected (in INR)	=Rs 6230300/-

TOBACCO KILLS – QUIT NOW TOBACCO FREE DELHI/ INDIA

6.29. THALASSEMIA CONTROL PROGRAMME 2015-16

Thalassaemia Control Programme has been executed in Delhi under the aegis of DHS, GNCTD, Fund has been approved for this programme under Dte. of Public Health budget head A 1(3)(4)(1) under Plan Scheme in previous years but by name no fund allocation has been done.

The proposal activities under this programme will be as below:-

- a. Screening of pregnant females in 1st trimester.
- b. Screening of 10th class students of all schools (Govt. / Pvt.).
- c. Promotion of pre-marital, pre-conceptional and antenatal screening.
- d. Strengthening of screening by CBC and confirmation by HPLC in 5 major hospitals namely LNH, GTBH, BSAH, DDUH and Chacha Nehru Baal Chikitsalaya.
- e. Strengthening of HPLC testing and lab facilities in the hospitals.
- f. Co-ordination with hospitals blood banks, civil societies.
- g. Sensitization and training.
- h. Procurement of drugs and other equipments.
- i. Supervision and monitoring.
- j. IEC awareness on prevent and screening issues.

Budget proposed: Rs 70 Lakh may be allocated separately from the Dte. of Public Health budget head A.1(3)(4)(1) under Plan Scheme or from other head as appropriate.

6.30. COMPUTERIZATION OF DHS (HQ) AND SUBORDINATE OFFICES

A computer cell is involved in computerization of DGHS (HQ) and Subordinate offices and carrying out the following for period 2015-2016.

- 1) Computer Branch is maintaining an intranet facility with two servers and 150 nodes since 2004 that Connects the DGHS(HQ) with its various Subordinate offices including various districts health administrations like Mobile Health Schemes And School Health Schemes.
- 2) Providing FMS Support for Computers & Peripherals.
- 3) It maintains the web server that supports various applications being used by various branches of DGHS. In addition it collects OPD and IPD Registration data 38 delhi Govt hospitals and 260 Dispensaries.
- 4) It maintains the 10 Mbps Lease line and one 4 Mbps DSWAN Lines to meet the Intranet and internet needs of DGHS(HQ).
- 5) Up gradation of 2 Mbps to 10 Mbps Leased Line Internet.
- 6) The System had become old and new districts have have been added. Accordingly a need-assessment has done with intent to bring out the next advanced version of the Application Software.
- 7) Performance data of the computer cell in 2015-16 is as below:
 - a) Computer cell also provided IT support and Help desk for various branches Of DGHS and Subordinate Offices.
 - b) Requests from Depts.Under H&FW for Uploading Information : Around 1600
 - c) New Web pages Creation for various Health Depts/Hospitals: 28
 - d) Modification done on existing web pages for various Health Depts/Hospitals:65
- 8) E-office Implementation In DGHS(HQ) and subordinate Offices .

- a) E-office Training to DGHS(HQ) & Hospitals with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes.
 - b) EMD Manager(Employee Master Database)/ Nodal Officer for DGHS(HQ) with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes.
 - c) NIC E-mail Creation for DGHS(HQ) with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes.
 - d) VPN Creation and configuration for DGHS(HQ) with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes.
 - e) Remote & Telephonic Support for E-office DGHS(HQ) & Hospitals with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes.
 - f) Gap Analysis Report to procure Computers for Procurment of Compuers at DGHS(HQ) with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes.
 - g) Hiring of three manpower for E-office Implementation at DGHS(HQ) with its various Subordinate offices including various districts health administrations like Mobile Heath Schemes And School Health Schemes. .
- 9) Procurement Of computers & Peripharals for DGHS(HQ) & Subordinate Offices.
 - a) 42 Desktop and 2 laptop.
 - b) 2 high duty Flat bed Scanner.
 - c) 12 Multi Function Printer
 - d) 15 Printers
 - e) Six 1KVA Online Ups
 - f) Three 3 KVA online Ups
 - 10) Disposal of condemned computers.
 - 11) Conference management at DGHS(HQ).
 - 12) Setting up of Multimedia Room In DGHS(HQ).

6.31. STATE HEALTH INTELLIGENCE BUREAU CUM RESEARCH AND ANALYSIS CELL

The State Health Intelligence Bureau Branch was established in the Directorate General of Health Services in 1989 under Plan Scheme. This branch collects, compiles and analyses the health related data of GNCT of Delhi i.e. Communicable and Non-communicable disease, Status Report, Morbidity Data (ICD-10), Mother Lab reports. SHIB prepares Annual Report, Citizen Charter, Health Facility.

Functioning/Achievements:-

1. Collection & compilation of Morbidity & Mortality report (ICD-10) and publish in Annual Report of DGHS.
2. Online Monthly reporting of Communicable & Non-communicable diseases received from various hospitals of Delhi and online submit to CBHI, Govt. of India.
3. Collection and compilation of monthly Mother Lab Report, Collection & compilation of status report of Health Institutions of Delhi on server of DGHS.
4. Annual Report for the year 2013-14 and 2014-15 have been prepared and uploaded on the website of H&FW at SHIB portal.

5. Data collection for Preparation of Health Facility is under process.
6. Updated the Citizen Charter of DGHS and uploaded on the website.
7. Compiled data for statistical handbook has been sent to Directorate of Economics and Statistics, GNCT of Delhi.
8. Compiled data for Economic Survey has been sent to the Planning Department, GNCT of Delhi.
9. Collection & compilation of data for NHP 2015 and to be sent to CBHI, Govt. of India.
10. Compilation of reply material of Delhi Assembly / Parliament Questions and submit to the Secretary Health & Family Welfare GNCT of Delhi and concerned Department / Ministries.

6.31.1 Statement of compiled morbidity / mortality reports of diseases with ICD 10 codes from some of the Hospitals of Delhi from Jan 2015 to Dec 2015

Note : The above reports received from some of the Govt,Private,Autonomous body hospitals in GNCT of Delhi, based on the diagnosis made by the treating doctors.Inadvertent errors during the data entry process / coding may be there despite best efforts. SHIB is not the primary holder of the data.

Chapter 7

NATIONAL HEALTH PROGRAMMES

7.1 DELHI STATE HEALTH MISSION

Introduction

Delhi has one of the best health infrastructures in India, which is providing primary, secondary & tertiary care. Delhi offers most sophisticated & state of the art technology for treatment and people from across the states pour in to get quality treatment. In spite of this, there are certain constraints & challenges faced by the state. There is inequitable distribution of health facilities as a result some areas are underserved & some are unserved. Thereby, Delhi Govt. is making efforts to expand the network of health delivery by opening Seed PUHCs in unserved areas & enforcing structural reforms in the health delivery.

Delhi State Health Mission implements the following National Health Programs:-

1. Reproductive, Maternal, Newborn, Child and Adolescent Health

- RMNCH + A
- Mission Flexipool
- Immunization
- Iodine Deficiency Disorder

2. National Urban Health Mission (NUHM)

3. Communicable Disease Programme:-

- Integrated Disease Surveillance Project
- National Leprosy Eradication Program
- National Vector Borne Disease Control Program
- Revised National Tuberculosis Control Program

4. Non-Communicable Disease Programme:-

- National Program for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS)
- National Program for Control of Blindness (NPCB)
- National Mental Health Program (NMHP)
- National Programme for Health Care of the Elderly (NPHCE)
- National Programme for Prevention and Control of Deafness (NPCCD)
- National Tobacco Control Programme (NTCP)
- National Oral Health Programme (NOHP)
- National Programme for Palliative Care (NPPC)
- National Programme for Prevention & Management of Burn Injuries (NPPMBI)

State Program Management Unit and 11 District Program Management Units implement these programs as per approval of the State Program Implementation Plan received from Govt. of India.

Some key achievements under National Urban Health Mission during 2015-16 are as follows:-

(a) Coverage of unserved / underserved areas: Almost all the unserved / underserved areas have been identified across the State. 61 Seed PUHCs have been set up under this initiative and one Aam Aadmi Mohalla clinic at Peeragarhi is being supported.

(b) Health Management Information System (HMIS): Dedicated web portal for capturing all Public health / indicator based information from the end source and generate reports / trends to assist in planning and monitoring activities. Data generated at facility level is captured on this web based portal on monthly basis. At present there Delhi Govt, MCD, CGHS & ESI, NDMC, Autonomous, NGO & other health facilities (dispensaries & hospitals) are reporting on HMIS on monthly basis. Excluding these facilities, some hospitals and nursing homes are also reporting on HMIS Portal. The performance of health care services is being utilized by various departments of State and GOI for monitoring and planning health policies and strategies.

(c) Mother & Child Tracking Systems (MCTS): Mother and Child Tracking System is another important tool designed by GOI, to monitor and ensure timely appropriate healthcare service delivery to pregnant women and children upto 5 years of age by tracking and providing them with services. The goal is to reduce Morbidity & Mortality related to pregnancy, child birth, postnatal mothers and children. Effective tracking of beneficiaries has been possible only because geographical area of all the Districts of Delhi have been mapped into pockets of approx. 50,000 populations. All GNCTD (Dispensaries, Seed PUHCs, and Hospitals), MCD (M&CW Centres, and Maternity Homes & Hospitals) & CGHS Hospitals are using this software for tracking of pregnant women and children health care service delivery. To encourage the real time data entry i.e. within 72 hours of service delivery, an initiative has been taken by GOI for updating the data through Unstructured Supplementary Service Data (USSD) by using mobile technology by the ANMs.

(d) State MIS Portal:

One of the important IT initiatives facilitated through the Delhi State Health Mission to develop IT modules, web based applications and operationalizing them to streamline processes and facilitate monitoring on indicators, performance and outputs. The various Modules developed are as follows:

ASHA & PUHC Module: All health facilities belonging to the GNCTD / MCD / NDMC and autonomous bodies have been plotted geospatially on a base map. Further the entire state is to be carved into 10,000 population pockets, codified and documented. These areas have been coded. Each area has the demographic data which gives the targets for various programs. The mapping has been done for facilities belonging to the Government of NCT of Delhi and the three Municipal Corporations of Delhi. The same information has also been mapped on the Geospatial map which can be accessed on website. The performance on few identified parameters are also displayed and linked to the HMIS.

Other modules developed by the state are:

Information regarding Free Bed availability in Private Hospitals
School Health Module
Payroll Module
NIRANTAR - Store and Inventory Module
PNMT Module
Transfer Posting Module
DGEHS Module
Online OPD registration
Equipment Status Monitoring

(e) ASHA: The linkage of the community with the health care delivery system is being done by ASHAs. At present State has 4900 ASHAs in place. These ASHAs have been trained in knowledge and skills required for mobilizing and facilitating the community members to avail health care services.

(f) Referral Linkages: A pilot project is being implemented in two clusters in the State with Secondary level hospitals (Sanjay Gandhi Memorial Hospital and Lal Bahadur Shastri Hospital).

These hospitals have been linked to the nearby PUHCs. Linked PUHCs level facilities are providing ANC care. Hospitals are providing High risk and delivery care to the beneficiaries of linked PUHCs. This gives opportunity to the hospitals to devote more time to high risk and delivery cases.

(g) Mobile Dental Clinics

Operationalization of 2 Mobile Dental Clinics & 4 Mobile Dental IEC Vans is being done by MAIDS with support of Delhi State Health Mission. In 2015-16, North East and North West Districts was covered by the Vans / Clinics.

Strengthening of infrastructure:

Construction of 6 Delhi Governments Dispensary has been done with funding support from Delhi State Health Mission at following places:-

1. Sector - 4, Rohini
2. Sector - 21, Rohini
3. Madanpur Khadar, Phase-I
4. Madanpur Khadar, Phase-II
5. Gaumtpuri (Molarband)
6. Sawda Ghevra

Construction of 200 Bed Hospital at Ambedkar Nagar: - Funding for the construction of 200 Bed Hospital at Ambedkar Nagar has been provided. Approximately 46% construction has been completed till date.

The bed strength has been enhanced to 600 from 200 with funds from State Government.

Operationalization of Ambulances: Centralized Accident Trauma Services is being supported for procurement of 100 Basic Life Support Ambulance being providing support for operationalization of 120 Patient Transport Ambulances procured through DSHM.

**Implement of e-office has been done successfully in the State Program
Management Unit since April, 2014.**

7.2 INTEGRATED DISEASE SUREVEILLANCE PROJECT AND PUBLIC HEALTH CAMPAIGN OF GOVT. OF N.C.T. OF DELHI (IDSP/NVBDCP) 2015-16.

NATIONAL VECTOR BORNE DISEASE CONTROL PROGRAMME

Dengue

Introduction:

Delhi has become endemic for Dengue. A total of 15,867 cases and 46 deaths were reported in 2015. Maximum number of cases were reported from North Delhi Municipal Corporation (5,327) followed by South DMC (4,532). Maximum numbers of dengue cases were reported from Najafgarh zone (980). East DMC reported 3269 cases out of which 967 (maximum) were reported from Shahdara North Zone. *A. aegypti* was identified as the only vector in these areas. Seeing the trend of Dengue situation, it is observed that the Dengue control measures require attention throughout the year as infrequent cases do occur during January to June. In this regard public health department in coordination with various stakeholders done lots of activities to prevent Vector Borne Diseases in Delhi.

Background

In 2006, the country witnessed another outbreak of DF/DHF, total 12,317 cases and 184 deaths were reported in 21 states/ UTs. However, in 2007 only 5534 cases and 69 deaths were reported from 18 states. Among the NE States Manipur has reported Dengue outbreak for the first time in 2007. Every year during the period of July-Nov there is an upsurge in the cases of Dengue/DHF.

During 1996, one of the most severe outbreaks of DF/DHF occurred in Delhi where, 10,252 cases and 423 deaths occurred. In Delhi, this year a total of 15,867 cases and 46 deaths were reported in 2015. Maximum number of cases were reported from North Delhi Municipal Corporation (5,327) followed by South DMC (4,532). Maximum numbers of dengue cases were reported from Najafgarh zone (980). East DMC reported 3269 cases out of which 967 (maximum) were reported from Shahdara North Zone. *A. aegypti* was identified as the only vector in these areas.

Vector Control

In the absence of a vaccine, vector control is the primary means of controlling dengue infection. vector control options include elimination of *Aedes* mosquito breeding sites by using petroleum /temephos on water surfaces at weekly intervals; mosquito proofing of water tanks (overhead and ground tanks) and buildings; use of mosquito nets to prevent infection in hospital wards to others; and pyrethrum space spray during outbreaks. The control of *Aedes* mosquitoes is very challenging and requires community involvement. Behavioral change must be promoted at the individual, household and community levels to control the dengue vector.

Proper solid waste disposal and improved water storage practices, including covering containers to prevent access to egg laying female mosquitoes, can be attempted and encouraged through community-based programmes. Epidemic containment focusing on insecticide spraying for adult mosquitoes has been unproductive. This is because *Aedes* mosquitoes often hide within homes during the day, therefore normal fogging efforts cannot effectively kill them. Since they feed during the day, insecticide treated bed nets is also an ineffective intervention to reduce number of bites. NCDC has developed a modified cooler with a covered water tank which prevents breeding of mosquitoes. Use of this cooler can be very helpful in preventing vector

breeding and thus contribute towards control of dengue as a public health problem particularly in urban areas.

For vector control in Delhi, Rapid Response Team comprising of SSU and respective DSU visited various vulnerable areas based on indicator/event report on IDSP portal, Central Cross Checking Organization report from NVBDCP, Zone wise SDMC report on dengue and complaints received through Emails/hard copies (by individuals or from CM/HM/ Secretary-H&FW) during dengue season along with MCD RRTs to take appropriate measures to prevent and control dengue. A number of surveillance visits i.e. SangamVihar, Tigri, Narela, Bawana JJ colony, Bakhtawarpur, Kirari village, Rithala colony, LNH, Akhshardham Temple, AGCR Colony Karkardooma etc. were organized by SSU IDSP Large number of meetings was held at various levels to control dengue.

Ultimately the number of dengue cases from 7283 in October decline to 841 in November and 137 in December. In frequent cases of dengue are reported during lean period of January to June. Dengue trainings were organized in decentralized mode through 11 DSUs for Medical Officers working under DGDs/MCWC/ ESIC etc by renowned resource persons from National, State and District level. All the LAs/LTs were trained for platelets counts. IEC activities were monitored by SSU and DSUs.

Yearwise distribution of Dengue Deaths in Delhi

Table below showing year wise comparative statement of Case fertility Rate and Attack rate of dengue cases from 2009 to 2015 in Delhi

Year	No. of cases	Deaths	CFR	Attack rate
2009	1153	3	0.26%	0.006
2010	6259	8	0.13%	0.035
2011	1131	8	0.70%	0.006
2012	2093	4	0.20%	0.012
2013	5574	6	0.10%	0.031
2014	995	3	0.30%	0.005
2015	15867	46	0.30%	0.088

▲ Showing CFR & Attack rate: Since National Average Case Fatality Rate is 7.01% but Delhi is able to manage the CFR at 0.27% due to timely and effective action and management of H1N1 cases by the help of IDSP-Delhi

Following Actions were taken for Dengue Prevention and Management:

1. 50 Fever clinics were established in all over Delhi in Govt. Dispensaries. 10-20% beds were increased in major Pvt. Nursing homes. Temporary registration was given to some Pvt. Nursing homes during the dengue season. Four hospitals (*Nehru Homeopathic Hospital, Rajiv Gandhi Super Speciality Hospital Tahirpur, Janakpuri Super Speciality Hospital and Deep Chand Bandhu Hospital*) were included to manage dengue crisis. Separate Dengue clinics/corner and dedicated wards were established in each hospital to minimize the mobility of patients so that they could directly go to fever clinics/corner for diagnosis and timely management.
2. Radio Spots for Dengue awareness were broadcasted in leading FM Radio stations of Delhi. Public Notice including Dos & Don'ts was published in leading newspapers. Pamphlets with Dengue related information were developed and distributed. House-wise awareness campaign was done with the help of 9300 volunteers under the supervision of 400 supervisors for five days, to target 50 Lac houses.
3. Ceiling price for each NS1-Ag (ELISA based), MAC-ELISA test was fixed at Rs. 600/- (Six Hundred) only. Charges for platelet count was also fixed at Rs. 50/- (Fifty Rupees) only. Office order was issued to all Govt/Pvt. Hospitals to increase the fever beds for admitting and treating dengue patients and not to deny admission to the deserving dengue patients. Total 1000 beds, 1000 mosquito nets, 2000 mattresses, 3000 bed sheets along with the IV stands & mosquito repellents were purchased to cater large number of patients in each hospital. Adequate number of NS1-Ag (ELISA) and MAC ELISA (IgM) kits were made available in all hospitals during the dengue season.
4. Show Cause Notices were issued to 08 Private Hospitals for denying admission to the patient who died. Dengue Helpline toll free number 1031 was started and large number of queries were resolved. 05 Regional Director of Health Services (North, East, South, West, and Central) were deputed to manage the Dengue situation in their respective regions. NSAIDs drugs (Aspirin, Brufen, Voveran etc.) were banned from 15th August to 30th November for over the counter (OTC) sale by chemists. It was also instructed that these drugs could be sold by chemists only on the basis of prescription by qualified doctors.

5. Three exclusive testing centres for dengue testing were established in Delhi in all 3 DMCs i.e. Dr. HedgewarArogyaSansthan in East DMC, Baba SahebAmbedkar Hospital in North DMC and Pt. Madan Mohan Malviya Hospital in South DMC to enhance the testing facilities for dengue in Delhi for 24x7. Additional manpower was deputed to all the tertiary level hospitals to control dengue crisis. Dengue task force was constituted to plan and manage the VBD especially Dengue. Dengue Death Review Committee was constituted to review all the dengue suspected deaths.
6. 25 Auto analyzers for complete cell count were installed at DGDs to strengthen the testing facility at dispensary level. Beds were also earmarked in private hospitals for EWS category which was fully utilized during dengue season in order to cater all dengue patients. Nodal officer was identified in each SSHs and Private Hospitals who supervised the activities to control mosquito breeding in their respective hospital premises. Vulnerable areas for mosquito breeding were identified and preventive measures were taken.
7. All Delhi Govt. Hospitals/Institutions/Buildings were directed to procure NCDC designed air coolers to control mosquito breeding. Letters were written to all Govt. organizations, institutions, offices etc to monitor their office premises for mosquito breeding. School children and general public were advised to wear full sleeves shirts & trousers/ salwaar, full sleeves kurta during Dengue season. Advisories were sent through Director of Education in this regards.
8. DBC workers were provided with pamphlets/advisory for distribution to every household during their visit for creating awareness amongst the community regarding the disease. Pictorial pamphlets were prepared with Dos & Don't including symptoms in common terms, mode of transmission, habits & habitats of mosquitoes and were distributed widely. All the complaints received directly or indirectly from the Secretary (H&FW), GNCTD or from complainant regarding Dengue were rectified in collaboration with 3 DMCs through field visits by State RRTs (State Epidemiologist, State Microbiologist, State Entomologist, State Data Manager). Affected areas were visited and preventive measures were taken.

Trainings

Three days training workshop were organized for AamAadmi Party volunteers (Health Action Team) from all 272 MCD wards, DHOs & DSOs, Malaria Inspectors, Health Inspectors etc to sensitize them for Prevention and Control of Dengue.

1. All Pathologists/Microbiologist/Paediatricians for all SSHs were sensitized at SDMC regarding Diagnosis, Prevention & Control of Dengue.
2. All new & old Medical officers of all DGDs from all 11 districts and other organizations were trained for Diagnosis, Prevention & Control of Dengue.
3. All Lab Technicians/Attendant/Assistant of all DGDs from all 11 districts and other organizations were trained for Diagnosis of Dengue.

Surveillance activities:

1. All Govt. Hospitals, Organizations, Institutes and offices were directed to form Dengue Surveillance Committee for monitoring & control of mosquitoes breeding in their office premises. All SSHs & most of the Pvt. Hospitals were reported confirmed dengue cases to MCD through portal with complete line listing (name, Age, Sex, complete address & mobile number, Test done & result) to enhance surveillance activities in affected area.
2. Data Hub was activated at DGHS for the program management and also to examine the result of the action taken in previous years. Other multiple agencies (CGHS, ESI, MCD etc)

were also involved for reporting of notifiable diseases in P/L formats under IDSP. Data of previous years were analyzed to make the strategy more effective. Surveillance through Geo Spatial Delhi Limited (GSDL) to map the ward/ area where Dengue cases have been reported was planned but due to some constraints it was delayed.

IEC Activities

1. School children (Delhi Govt./MCD) were involved in creating awareness among parents/community members about the spread of Dengue through projects and Quiz competitions for Dengue control and similar programme. Dengue Awareness Campaigns were continued throughout the year. Awareness activities through print media & Radio spots, PA system of Hospitals, were done in peak season.
2. ASHAs were involved to spread information about Dengue at grass root level.
3. IEC/BCC was done in the form of public notices published in leading newspaper (Hindi, English, Punjabi & Urdu).

Preparedness of Blood Banks:

1. All blood banks were directed to keep adequate amount of blood bags, logistics, screening kits and reagents along with adequate numbers of Single Donor Platelets (SDP) in stock which have these facilities. Blood banks organized blood donation camps during peak Dengue season.
2. All the Govt. Blood Banks or the NGO operated blood banks displayed the processing charges at prominent places preferably at issue counter and displayed the daily status of stock of blood and blood products along with the cost and also uploaded on Delhi Govt. website.

Procurement of NS1-Ag kits at DGHS level:

Last year procurement of NS1 Ag kit for dengue was done centrally through CPA and 300 kits were procured out of which 233 were consumed by 33 SSHs and kits of MAC ELISA for IgM were supplied through NIV, Pune.

Advisories & Guidelines:

Simplified Guidelines were developed by IDSP into 5 parts along with others. These are as follows:

1. Clinical Management Guideline for Medical Officers
2. Clinical Management Guideline for Govt./Pvt. Hospitals
3. Guideline for Laboratory Diagnosis (Private Labs)
4. Guideline of Dengue Prevention & control for Community & Resident Welfare Association
5. Guidelines of Dengue Management for Private Medical Practitioners/IMA Members.
6. Advisory for School students for Dengue was updated and circulated to Director of Education, School health Scheme, Schools of Cantonment Board, Schools of 3DMCs, Kendriya Vidyalaya etc.
7. Advisory on Dengue was prepared and circulated to all stake holders.

All guidelines were redrafted in simplified manner and NVBDCP approved it. Combined Clinical Management Guidelines for Dengue are available on the NVBDCP (www.nvbdc.gov.in) website.

Involvement of Schools:

1. One nodal teacher was appointed in each school & sensitized, who supervised the activities to control mosquito breeding in their respective schools. School children were demonstrated

the life cycle of Aedes mosquito and also involved in Dengue control activities. They were given projects related to Dengue. Dengue cards with checklist to be provided to students for checking breeding of mosquitoes in their own household and ten other neighbourhood households, to be duly signed by their parents also.

2. Students were sensitized at morning assembly regarding prevention & control of Dengue and mosquito breeding. Quiz & drawing competition were organized in Schools to make students aware regarding Dengue. School children were involved for Dengue Awareness Campaign through Rallies.

7.3 REVISED NATIONAL TUBERCULOSIS CONTROL PROGRAM IN DELHI

- Tuberculosis is the most pressing health problem in our country as it traps people in a vicious cycle of poverty and disease, inhibiting the economic and social growth of the community at large. Tuberculosis still remains a major public health problem in Delhi. 40% of our population in Delhi is infected with TB germs and is vulnerable to the disease in case their body resistance is weakened.
- Delhi has been implementing the Revised National TB Control Programme with DOTS strategy since 1997. Delhi State RNTCP has been merged with NRHM (DSHM) w.e.f. 01.04.2013. The Delhi State RNTCP is being implemented through a decentralized flexible mode through 25 Chest Clinics equivalent to DTC. Out of 25 Chest Clinics, MCD are running 12, GNCTD-10, NDMC -1, GoI-1 and NGO-1 chest clinics respectively. Delhi is the only state in the country where one NGO – Ramakrishna Mission, has been entrusted the responsibility to run the RNTCP in a district. The RNTCP has 201 diagnostic centres and 551 treatment centres located all over Delhi. The NGOs and Private Medical Practitioners are participating in the implementation of the RNTCP in a big way. The diagnosis and treatment is provided free to the patients under the RNTCP. The NGOs & Private Practitioners are also providing free diagnosis and treatment services.
- Delhi has been the first State in the country to have full coverage with DOTS (WHO recommended treatment strategy for TB) since 1997 and with DOTS-PLUS (treatment schedule for Drug resistant TB) since 2008.
- Delhi has been the best performing State in terms of achieving international objective of the programme in detecting new infectious TB patients 70% and their success rate at 85% consistently for the last eleven years.
- The State has been able to bring down the death rate due to tuberculosis at the lowest level of 3% (all India 4%) amongst new infected patients, 2% (4% All India) amongst new sputum negative patients and 1% (2% All India) amongst new extra pulmonary cases. Therefore the State is saving lot of lives and achieving the goal of the Programme to decrease mortality due to TB.
- Delhi has been treating maximum number of children suffering from TB at the rate of 14% against 6% all India figures.
- Delhi State RNTCP became the first State in the country to have base line drug sensitivity to second line drugs in all cases of MDR TB.

PERFORMANCE OF DELHI STATE RNTCP

Indicator	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	Jan to March 2015 (Qtr1, 2015)	April to June 2015(Qtr2, 2015)	July to Sept 2015 (Qtr3, 2015)	Oct to Dec 2015 (Qtr4, 2015)	Jan to March 2016 (Qtr1, 2016)

Impact Of DOTS 1997 to March 2016

- 7,59,777 patients put on treatment
- >86 out of 100 patients treated successfully
- >79,64,761 infections averted
- >7,96,476 illness averted
- >1,44,035 precious lives saved

7.4 NATIONAL PROGRAMME FOR CONTROL OF BLINDNESS

The “State Health Society Delhi” is implementing NPCB programme in Delhi on district pattern through respective “Integrated District Health Society”. Various approved activities were under taken during the year 2015-16 as per Prog. guidelines. The detail of activities under taken during this period is given here under:-

Campaign cataract countdown

NGOs are motivated to hold the screening camps all over Delhi in collaboration with Integrated District Health Societies, especially in the under privileged areas of city and in NCR and the cases detected with cataract are transported and operated in fixed facilities managed by NGOs. The cataract surgeries are also under taken by Govt. Hospitals. The Programme used to give support to these hospitals on procuring the consumables and some equipment through State / District Health Societies. During the reporting period; fund have been made available to IDHS to support on this front but amount was not utilized as the govt. hospitals had fulfilled their demands from regular sources. The details of the cataract surgeries performed are as under:

Year	No. of Cataract Surgeries	IOL Surgeries out of total cataract surgeries
2008-09	92,064	89,956
2009-10	90,859	87,878
2010-11	90,372	87,739
2011-12	90,944	89,740
2012-13	87,912	85,795
2013-14	75,186	73,587
2014-15	85,260	83,737
2015-16	78,054	76,787

School Eye Screening Project

Under this project during 2015-16, health teams of School Health Scheme DHS had done the primary screening of students of schools of Deptt. of Education GNCTD. All students of up to class XII are examined by health teams and those students suspected to be suffering with defective vision are further examined by Refractionist and those needing glasses are provided free spectacles through respective IDHS. The report of School Eye Screening Project is as below: -

Year	No of additional teachers trained	No. of Students Screened	No. of Students detected with refractive error	No. of Students provided free glasses
2008-09	342	140381	23949	11943

2010-11	56	114835	9676	5853
2011-12	NR	NR	NR	4874
2012-13	Nil	608264	82064	12887
2013-14	Nil	630809	53697	5513
2014-15	Nil	4,69,144	41,305	4721
2015-16	Nil	3,16,482	34,444	

Eye Banking Activities

Under the NPCB, the Eye Banks located in Delhi are continuously encouraged to collect as many eyes as possible. In the month of August / Sept. 2015 an “Eye Donation Fortnight” was also held, under which special incentive is given to the eye banks to promote the eye donations activities. Talk on Radio and Doordarshan were got organized during this fortnight by eminent eye specialists of State.

The report of Eye Banks is as below: -

Year	No. of Eyes Collected	No. of Eyes used in Keratoplasty
2008-09	1778	1013
2009-10	2075	1169
2010-11	2094	1175
2011-12	2400	1249
2012-13	2935	1707
2013-14	3365	1946
2014-15	3571	1928
2015-16	3575	2184

The eye banks are connected with MTNL Toll free number 1919 so that the calls made on this number are promptly attended to by the eye banks and all those who wish to donate their eyes can also contact the eye banks on this number. All the eye banks have kept one of the telephone lines dedicated for this purpose i.e. they would provide a 24 hrs. X 7 days service on this number.

The list of the eye banks and their complete address that have been connected with this service is as below:

Sl. No.	Name of Eye Bank	Location of Eye Bank	Direct Telephone Number
1	National Eye Bank	Dr. R. P. Centre, AIIMS, Aurobindo Marg, New Delhi-29	26589461 26593060

11	Eye Bank at Sunder Lal Jain Hospital	B 1/5, Phase-3, Sawan Park Ashok Vihar N. Delhi-52	01147030900

The eye banks are also given the financial assistance for collection of tissues @ Rs. 1000/- per eye ball collected. During 2015-16 an amount of Rs. 27,67,500/- were utilized on this activity, some pending payment of previous year was also paid @ Rs. 750/- per eye ball.

Eye Donation Counselors were recruited in previous years through IDHSs, deployed in various Govt./Pvt. Eye Banks of Delhi and are helping in motivating the family members for eye donation of diseased.

Supply of Ophthalmic Equipments

To strengthen the service component in Govt. Hospitals, funds have been made available to the IDHS West Distt., so that Govt. Hospital of the district may use them for procuring ophthalmic equipment to augment the ophthalmic services in the hospitals. For strengthen the service component in Vision Centre in Delhi Govt. Disp. Rs.3,00,000/- were kept for West District health societies for procuring ophthalmic equipment to augment the ophthalmic services in the primary health care. South West district has procured the equipment and utilized the fund in previous year. The equipment are used in vision center functioning in polyclinics with the support of manpower from linked hospital.

Grant-in-Aid to various IDHSs

Under the programme, some of components like grant-in-aid to NGOs for Cataract Surgery, "School Eye Screening Project", collection of Eye Balls, Salary to Eye Donation Counselors working in eye banks and Para Medical Ophthalmic Asstt in Vision Centers, procuring and maintenance of equipment for hospitals, opening and strengthening of vision centers and for IEC activity are being implemented at the level of District Health Societies. An amount of Rs.30,00,000/- were released to South East Districts and for other districts, unspent fund available with districts was use during the year.

Strengthening Of Eye Department Of District Hospital

Non-recurring assistance of Rs. 20 lakhs were again kept to IDHS West District for procuring ophthalmic equipment as commodity assistance for strengthening of Eye Deptt. of Acharya Shree Bhikshu Hospital and is available with district.

Training of Eye Surgeons

The GOI is providing training to in service Eye Surgeons in identified institutes in following areas: - ECCE / IOL Implantation Surgery, Small Incision Cataract surgery, Phaco-emulsification, Low Vision Services, Glaucoma, Pediatric Ophthalmology, Indirect Ophthalmology & Laser Techniques, Vitreoretinal Surgery, Eye Banking & Corneal Transplantation Surgery etc. Delhi has been allotted 7 slots for training, (4 for Phaco & 2 for Medical Retina & Vitreo Retinal Surgery and 1 for SICS). The State nominates eye specialists for these training. A total of 01 Eye specialists were nominated to Govt. of India in the year 2015-16 for training and she has joined and completed the training.

Vision Centres

GoI has been asking to open the Vision Centres in the facilities like Primary Health Centers or facilities equivalent to primary health centre. This year stress was again given to open the already approved 18 Vision Centers in Primary Health Care. The funding assistance for which was provided in previous years. All other IDHSs were asked to utilize the unspent balance with them. The fund was released to various IDHSs towards the

salary of PMOAs and their services were utilized in the Vision Centers and also in the Eye Department of District hospitals. During this period 2 more vision centers were functionalized with help of manpower of polyclinics, so total Vision Centers functionalized in the programme are now 9 out of which 1 is by NGO.

Celebration of 30th National Fortnight on Eye Donation (30th NFED): 25.08.2015 to 08.09.2015:

There are about 0.12 million corneal blind persons in India and many other with visual impairment due to corneal disease. About 20,000 new cases are added every year in this pool. Majority of such blind persons are young and their sight can be restored only by a corneal transplantation. Presently about 50,000 to 57,000 eyes are collected every year by the Eye Banks working in Govt. NGO sector in various parts of India but there is still a backlog of corneal blind persons waiting for transplantation. We need around 75,000 to 1,00,000 cornea per year for transplant purposes. In order to bridge this gap in demand

and supply of corneal tissue and to further increase collection of cornea, a joint campaign of IEC was organized for eye donation during 30th National Fortnight on Eye Donation (NFED) with the help of eye banks functioning in Delhi State under the directive of GOI. The activities of NFED were organized by health centers, district level secondary hospitals, medical college hospitals, autonomous organization, NGO Hospitals and private partners during which the cause of eye donation was highlighted with intensified educational and motivational efforts to increase the collection of donor tissue and to create awareness among the general public about preventive aspect of corneal blindness. The main activity was held in eye banks, where eye banks faculty and staff of various eye banks of Delhi has organized the orientation sessions for the health staff of other departments in hospital and also of various linked hospitals about their role in eye donation being the first contact health staff with family members of deceased and how to counsel and motivate family members for donating the eyes of the deceased. Because the hospital staff, under the Hospital Cornea Retrieval Prog. (HCRP), is expected to inform death to the eye donation counselor if available in hospital or to the linked Eye Bank well in time and also motivate relatives of deceased for eye donation. The Eye Bank Staff will further motivate the relatives for eye donation and if they agree, tissue may be harvested. The felicitation of family members who have donated the eyes of their deceased members along with the recipient of cornea and their family members have been held in Eye banks, particularly notable were National Eye Bank Dr. R. P. Centre AIIMS, Guru Nanak Eye Centre, Shroff's Eye Center and others.

World Sight Day Campaign - 2015

The World Sight Day (WSD) is being celebrated globally on second Thursday of October every year with different theme since 2000. During this period World Sight Day 2015 was celebrated on 08th Oct. 2015. The theme for WSD 2015 was '**Universal Eye Health**' with call on action '**Early Detection of Diabetic Retinopathy (DR)**'. The key intervention of WSD is to promote universal eye health coverage and reduce levels of avoidable blindness due to Cataract, Refractive Error and Corneal Blindness & Diabetic Retinopathy etc. by 25% by 2019. Various approved IEC & Screening activities were successfully organized in Delhi State by State Unit of NPCB Delhi under State Health Society, Delhi through respective Integrated District Health Societies (IDHSs) of Delhi Districts for creating mass awareness for eye care & prevention of blindness and to improve Eye Care in Delhi. The activities were held at health center, hospitals and in schools. IEC material like display of banners, distribution of pamphlets, holding painting and poster making & slogan writing competition in schools were held and prizes were given to best performers. Health talks were organized for health staff, patients and visitors. The Group Discussions were held, documentary film show was also arranged in hospitals and health centers. Rallies by school students were held in surrounding area of school, Nukkad Nataks were also held. The IEC activities were under taken in health centers, hospital, AHA

Units & health Centers. The children have participated in various activities held in Schools.

World Glaucoma Week Celebration - 06th to 12th March 2016

The 8th World Glaucoma Week 08.03.2016 to 14.03.2016 was observed all over Delhi to create awareness amongst the public about prevention and control of Glaucoma and to emphasize the need for taking more initiatives with regard to Glaucoma. In order to celebrate 'World Glaucoma Day / Week' in a befitting manner all over Delhi under the directives of National Programme for Control of Blindness (GOI), a 'Glaucoma Detection, Control and Prevention Week' was observed from March 06th to 12th, 2016 across the city in health centers, district level secondary hospitals, medical college hospitals, autonomous organization, NGO Hospitals and private partners during which the various activities concerning it was under taken in a week long period for creating awareness among masses. The screening camps were organized, IEC material was displayed and health talks were held during the period.

Motia Bind Mukti Abhiyan

The Govt. of Delhi has organized 16th Phase of Motiabind Mukti Abhiyan (MMA) on 8th & 9th March 2016. About 500 screening centers were set up all over Delhi in existing fixed health centers of various health agencies functioning in Delhi and NGO partners. Area specific Pulse Polio Coordinators were involved in this programme who visited the respective health centers for distribution of logistic material, programme related stationary and IEC material and collection of reports directly from the center In charges. Around 17000 persons were screened during the campaign. About 40 referral hospitals from Govt. and Non-Govt. sector were identified under Motiabind Mukti Abhiyan, Phase-16th these hospitals have performed cataract surgery and provided IOLs to patients. A list of the hospitals identified is attached. The cataract surgery is being conducted by these hospitals and data is being collected, final report is awaited from Guru Nanak Hospital which coordinated the activity.

List of Hospitals identified as base hospital under MMA Phase VX

1) East Zone:

1. Guru Teg Bahadur Hospital, Dilshad Garden, Delhi-95.
2. Lal Bahadur Shastri Hospital, Mayur Vihar Ph-II, Khichripur, Delhi-91.

 38. Northern Railway Central Hosp, Basant Lane, Panchkuian Road, N.D.
 39. Rajdhani Charitable Eye Hospital, Qutab Road Delhi-110006.

Chapter 8

DIRECTORATE OF AYUSH

Introduction

Directorate of ISM & Homeopathy was established in September 1996 and has ISM Wing functioning from A & U Tibbia College Campus and Homeopathic Wing has been allotted separate Budget head since September 2003. Govt. of NCT of Delhi is determined to encourage and develop these systems of medicine and make available these facilities to public. Govt. of NCT of Delhi encourages development of these systems of medicine by establishing Educational, Healthcare Research Institutions.

Functioning of the Directorate

Director, Dte. Of AYUSH is assisted by technical personnel like Deputy Directors, Asstt. Directors, Licensing Authority (ISM) etc. in each system of medicine. Presently, the Directorate of AYUSH is located at A&U Tibbia College Complex at Karol Bagh, New Delhi-5 & Homeopathic wing located at CSC-III, 1st floor, B Block Preet Vihar, Delhi.

The Directorate is also conducting re-orientation training programmes in Ayurveda/Unani/Homeopathy for practitioners and also gives grant-in-aid to Delhi Bhartiya Chikitsa Parishad, Board of Homeopathy System of Medicine, Chaudhary Brahm Prakash Ayurvedic Charak Sansthan, Dilli Homoeopathic Anusandhana Parishad, JAMIA HAMDARD and Examining Body of paramedical courses which are the autonomous bodies under the Govt. of Delhi. The Directorate is also providing financial assistance to some NGOs working in the field of Ayurveda, UNANI, yoga, and Homoeopathy etc. A Drug Control Department for Ayurveda and Unani Systems of medicine is also functioning at Headquarter of the Directorate and Drug Testing Laboratory of Ayurvedic, Unani & Homoeopathic medicines is likely to be established in near future. Survey Samples of Ayurvedic and Unani drugs are being tested by NABL accredited labs as per D&C Act 1940 and enforcement of DMR Act 1954 is also being done by the Directorate.

Health Facilities under the Directorate of AYUSH

The following Educational Institution, Hospitals, Dispensaries and Research Institutions functioning under the Directorate during 2015-16.

1. Ayurvedic and Unani Tibbia College & Hospital, Karol Bagh, New Delhi.
2. Nehru Homoeopathic Medical College and Hospital, Defence Colony, New Delhi.
3. Dr. B.R. Sure Homeopathic Medical College and Hospital, Nanak Pura, New Delhi.
4. Chaudhary Brahm Prakash Ayurvedic Charak Sansthan, Khera Dabar village Najafgarh.
5. Dispensaries as on (31.03.2016)

Homeopathic Dispensaries	-	101
Ayurvedic Dispensaries	-	39
Unani Dispensaries	-	19

Performance of the Ayush Dispensaries

During the year 2015-2016, 3 new Ayurvedic dispensaries (1 at Deep Chand Bandhu Hospital Ashok Vihar, 1 at Delhi Government Dispensary Sector-18 Rohini and 1 at Delhi Government Dispensary Ranjeet Nagar) and 1 Unani (opened at Deep Chand Bandhu Hospital Ashok Vihar) were opened Table 8.1 shows the number of AYUSH dispensaries under the directorate over last decade.

Chapter 9

HOSPITALS OF GOVT. OF NATIONAL CAPITAL TERRITORY OF DELHI

The hospitals are integral part of health care delivery system of any state. Hospitals are expected to be the partners and supporters of health care delivery system rather than limiting their role to medical care only. In the present scenario, the role of hospitals range from providing primary level medical care to hospital care (secondary/tertiary level).

The planning/ establishment of new hospitals is taken care of by Hospital Cell/ Planning Branch of the Directorate of Health Services. The broad functions of Hospital Cell involve planning and commissioning of hospitals which include site inspection, monitoring and coordination with different Govt./ semi Govt./ autonomous/ Pvt. Agencies etc. related to establishment of Hospitals. The financial aspect of these upcoming hospitals such as preparation of SFC Memo for cost estimates of hospital which include estimates of manpower, equipments and other vital components required for establishment of hospital are also being taken care of by Hospital Cell. Presently 38 hospitals are functioning independently under overall administrative control of Department of Health & Family Welfare.

The hospitals functioning under Department of Health & Family Welfare , Govt. of NCT of Delhi are as under :-

ALLOPATHIC SYSTEM OF MEDICINE

1. Acharyashree Bhikshu Govt. Hospital, Moti Nagar

4. AYURVEDIC & UNANI TIBBIA COLLEGE HOSPITAL

Tibbia was re-established into the new building at Karol Bagh by Masih-Ul-Mulk Hakim Ajmal Khan Saheb. The foundation stone of the Institute was laid by H.E. Lord Hardinge (the then Viceroy of India) on 29th March, 1916. This institution was inaugurated by Father of the Nation Mahatma Gandhi on 13th February 1921. Previously this college and allied units were managed by a board established under Tibbia College Act, 1952. This Act now has been repealed by a new Act known as Delhi Tibbia College (Take Over) Act, 1998 and enforced by the Govt. of NCT of Delhi w.e.f. 1st May, 1998.

The college is affiliated to the University of Delhi since 1973. It provides 4 ½ years regular course of study followed by one year internship leading to the award of the degree of Bachelor-of- Ayurvedic Medicine & Surgery (BAMS) and Bachelor-of-Unani Medicine & Surgery (BUMS). There are 28 Departments (14 Departments for each system) and a Hospital with 300 beds (functional) attached to the College to give practical training to the students.

The admission in BAMS & BUMS /M.D. (Ay) & M.D. (Unani) are dealt by Faculty of Ayurveda & Unani Medicines, University of Delhi. The Post Graduate Course (M.D) in the subject of Kriya Sharir & Kayachikitsa of Ayurved Medicine and in the subject of Moalejat of Unani Medicine have been started from Academic Session 2002 with intake capacity of 3 students in each discipline.

The brief performance statistics of the hospital during 2015-16 and previous years is as under:

Year	No. of Beds		No. of Patients (OPD)				IPD	No. of Surgeries

18. GURU NANAK EYE CENTRE

Guru Nanak Eye Centre was conceived in 1971 with a view to provide best eye Centre to residents of Delhi. The name of institution was adopted as GNEC with a view to maintain the teaching of Guru Nanak & initial support was provided by Gurudawara Prabanthak Committee Delhi. The Outpatient Department block started functioning in 1977 and the Indoor Patients were kept in eye ward of LNJP hospital. GNEC became administratively independent on 14th March 1986 with complete indoor facility. 184 bedded hospitals started functionally in small building.

Guru Nanak Eye Centre, presently a 212 bedded eye hospital is part of MAMC-LNH-GBPH-GNEC complex. The hospital is attached to Maulana Azad Medical College. The Eye Centre, each year, imparts comprehensive training in Ophthalmology to post-graduates and undergraduates (as part of MBBS course) of Maulana Azad Medical College. The postgraduate training includes clinical, research and other academic activities. Besides, the centre also trains faculty members from other institutions coming for specialized training. A number of ophthalmologists are trained under national programme for prevention of Cataract blindness and the centre gets a number of observers from all over the country and visitors from different parts of the world.

It provides comprehensive eye health care services to the public. The Eye Centre started functioning independently in 1985. The various services provided by the Centre includes OPD services, indoor services, operation theatre (24 hours) facilities, emergency services (24 hours), Speciality clinics, Eye Banks, Community eye services through peripheral health center at Narela, Delhi and by being a referral center of the Motia- Mukti-Bind Abhiyan Programme of Government of NCT of Delhi.

The brief performance statistics of the hospital during 2015-16 and previous years is as under:

Year	No. Of Beds		No. Of Patients (OPD)				IPD	No. Of Surgeries	
	Sanctioned	Functional	New	Old	Emergency	MLC		Major	Minor

Achievements during 2015-16 are as under:

- o Mortuary renovated as per Hon'ble High Court of Delhi guidelines.
- o Online Public grievance Monitoring system fully operationalized.
- o E-office for official processing, through online system is fully operational. The file/letters are now being sent to Delhi Secretariat through the E-office system.

- o All the branch head and their subordinate staff who handles office files, their digital signature generated and handed over to all concerned.
- o Two polyclinics are running successfully under GTB Hospital.
- o Kayakalp program running successfully.
- o Central air cooling system has been installed in pharmacy and registration area.
- o Construction of ward for custodial patients has been finished at 3rd floor GTB Hospital.

20. INSTITUTE OF HUMAN BEHAVIOR AND ALLIED SCIENCE

The Hospital for Mental Diseases (HMD), Shahdara, was established in 1966 in the eastern outskirts of Delhi across the Yamuna River at a time when custodial care of mentally ill was order of the day. During this era, the society had lost hopes for recovery of such patients and kept them far away. It was a virtual dumping ground for society's unwanted people. There used to be inadequate facilities, paucity of trained staff and often ill-treatment to patients. The hospital was converted into a multidisciplinary institute under the Societies Act and registered as a Society by Supreme Court order in response to public interest litigation. Since its inception in 1993, it has served as a good example of how judicial intervention can bring about changes for the benefit of the patients. At present, it is functioning as an autonomous body with support from Central and Delhi Governments for its maintenance and developmental activities.

Institute of Human Behaviour & Allied Sciences (IHBAS) is a tertiary level Medical Institute deals in patient care, teaching and research activities in the field of Psychiatry and neurological sciences. The Institute is an autonomous body registered under the Societies Act 1860, funded jointly by Ministry of Health and Family Welfare, Government of India and Government of NCT of Delhi. As an autonomous body, the institute has its Memorandum of Association and Rules and Regulations duly approved under the Societies Act. Minister for Health, Govt. of NCT of Delhi is the President and Chief Secretary, Govt. of NCT of Delhi is the Chairman of the Executive Council of the institute. This institute has hospital with 500 sanctioned beds with 336 functioning beds. The nature of the institute has been outlined as modern, state of the art tertiary care center and post graduate teaching training institute for behavioural, neurology and allied sciences. The institute aims at integrating psychiatry as specialty with other disciplines related to human behavior by providing comprehensive treatment programmes.

The hospital has Standing Medical Board for issuance of disability certificate under Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 Act for mental illness/disorders and Neurological disorders/Cerebral Palsy etc..

The brief performance statistics of the hospital during 2015-16 and previous years is as under:

Year	No. of Beds		No. of Patients (OPD)				IPD	No. of Surgeries	
	Sanctioned	Functional	New	Old	Emergency	MLC		Major	Minor
2009-10	334	334	47964	269503	15013	0	3208	88	65

2015-16	100	135	514575	278722	309488	25106	28372	3265	38735

Achievements during 2015-16 are as under:

1. Construction of permanent structure by adding floor(IIIrd Floor) on the existing Ward Block for additional 50 beds and Construction of building for additional 200-250 beds on the vacant plot adjacent to LBS hospital after the shifting of High tension over head wires from the plot.
2. Procurement of Phacoemulsification Machine, AB Scan, Operating Microscope with X-Y coupling & Yag Laser, Slit Lamp and Indirect Ophthalmoscopy.

3. Component Separation Unit Blood Bank, Procurement of Maruti Ecco Van with AC.
4. Procurement of C-Arm Mobile X-Ray Machine for Orthopedics OT.
5. Infrastructure approval for expansion of bed strength 50 for Gyane Deptt.
6. Procurement of Maruti Desire for bringing Material/Meeting and other work.
7. 12 bedded SNCU is to be started.
8. Starting of 3rd OT in Main OT Block after the construction of post of ward is completed.
9. Renovation of Ward Block Toilets.
10. Procurement of USG Machine and Digital Radiography System.
11. Dispensing windows of the pharmacy are to be increased from 06 to 10.
12. Installation of IP enabled CCTV Cameras all over Hospital Campus.
13. Procurement of Anaesthesia Machine (Basic) for OT.
14. High definition laparoscopy system for Surgery department.
15. One O.T. table for starting 3rd O.T. in main O.T. Complex.
16. One O.T. light for starting 3rd O.T. in main O.T. Complex.

25. LOK NAYAK HOSPITAL

Lord Irwin laid down the foundation stone of this old hospital that was set up in Central Jail complex, named for the bulwark of British Vice regality - Lord Irwin on 10 January 1930. It was in 1936 that under Lt. Col. Cruickshank, I.M.S., and this Lok Nayak Hospital was commissioned 'Irwin Hospital' with bed strength of 320. In November 1977 the name of Irwin Hospital was changed to LNJP Hospital. Lok Nayak Hospital christened in 1989 from Lok Nayak Jai Prakash Narayan Hospital (LNJP) was originally popular and still continues to be known as Irwin Hospital.

Lok Nayak Hospital is a premier public hospital under Govt. of NCT of Delhi with present bed strength of 1821. During these 6 decades of its existence this hospital has grown enormously in its size and volume so as to cope with the growing needs of the ever-increasing population of this capital city. New State of out OPD, emergency block and indoor ward are being constructed some of the builds one already made operational and others are coming up including ortho indoor block. The catchments area of this Hospital includes the most thickly populated old Delhi areas including Jama Masjid and Trans Yamuna Area. Patients attending this hospital from the neighbouring states and other parts of the city have increased manifold. The hospital provides the general medical care encompassing all the departments like Medicine, Surgery, Obstt. & Gynae, Paediatrics, Burns & Plastic etc. It also provides specialized services like Dialysis, Lithotripsy, Respiratory Care, Plastic Surgery and others. New Department of Pulmonary Medicine is being setup. The hospital also provides the tertiary care connected with the National Programmes including mainly family welfare & maternity and child health care.

The hospital is tertiary level teaching hospital attached to Maulana Azad Medical College, providing clinical training facilities to under graduate and post graduate students.

The brief performance statistics of the hospital during 2015-16 and previous years is as under:

Year	No. of Beds		No. of Patients (OPD)				IPD	No. of Surgeries	
	Sanctioned	Functional	New	Old	Emergency	MLC		Major	Minor

2015-16	200	200	309710	129290	26637	1526	2193	0	2102

Achievements during 2015-16 are as under:

1. 24 hour casualty services have become operational w.e.f. 17.09.2015 along with lab services.
2. Indoor services for 200 bedded has become operational w.e.f. 17.09.2015.
3. Platelet storage facility has been created.
4. Kitchen services started for IPD patients.
5. E-Office has become functional.
6. Allotment work of residential quarters to eligible employees has been completed.
7. Process for creation of additional post for ICU has been initiated.
8. Installation & Testing of medical gas pipeline has been started through agency hired by PWD.
9. Vacant post of JR & SR have been filled.
10. Requests have been made to H&FW Deptt. to fill up vacant post of radiographer to enable to start round the clock X-Ray services which are currently only 8 Am – 8Pm(12 hrs.)
11. Finalization of outsource agencies for housekeeping & Laundry.
12. A meeting of Rogi Kalyan Samiti held on dated on 26.10.2015.
13. Hospital is ensuring availability of all essential medicine and consumables 24x7 so that no patient is asked to buy medicines from outside.
14. Proposal submitted to IT Deptt. to create website of D.C.B.H.
15. Efforts made to get NOC for fire clearance of indoor block from Delhi fire services department.
16. CPA has floated tender for small anaesthesia, OT and other equipments.

17. Request of CPA to create store at basement-2 has been forwarded to PWD for further necessary action.
18. Proposal for expansion of hospital has been submitted to PWD & A/A and E/S has also been accorded for enhancing bed capacity of DCBH from present 200 beds to 500 beds. Consultant engaged by PWD for upgradation of hospital has been facilitated to plan for increasing number of beds in the hospital.
19. Tender for parking, canteen and pest control have been floated.
20. Explosive deptt., Nagpur has accorded approval of site of installation of liquid oxygen tankers' in hospital.

Chapter 10

Directorate of Family Welfare

Immunization

Mission Indradhanush Kawach(MIK) was launched on 07th April, 2015 Pan Delhi by Hon'ble Chief Minister of Delhi with an aim to vaccinate all partially vaccinated/unvaccinated children through intensified weeklong monthly immunization drive throughout the year. All identified areas that require RI strengthening but have no/infrequent RI sessions are reached through Mission Indradhanush sessions. All ANMs plan activities for seven days of each drive and prepare a microplan roster in consultation with MO I/c ASHAs and AWW for organization of immunization sessions in concerned areas.

In order to achieve 100% immunization coverage across Delhi, few state specific interventions mentioned below were undertaken:-

1. Delivery of Tikakaran Nimantran Partika by every ASHA worker to care given of child, a day prior to immunization sessions with an objective to reach every child of State for immunization services.
2. Creation of State specific MIS portal for effective dashboard monitoring and data capturing under the MIK campaign, followed by districts/agencies specific feedback to all district officials and agencies.
3. Considering the fact that there is minimal inter district variation in view of immunization coverage it was decided to carry out under MIK in all eleven districts instead of high priority districts only.
4. Tagging of all HRAs under catchment area of each health facility to ANM/ASHA/AWW etc. for provision of immunization services.
5. Under MIK a total of 65,431 immunization sessions were planned wherein 9,00,024 children were reached out, out of which 1,33,972 were fully immunized and 1,19,820 children were completely immunized.
6. Apart from this 2,95,704 children have been fully immunized under Essential childhood immunization Programme as per data captured on HMIS Portal (2015-16).

A. Child Health:

Achievement of Child Health

Child Health is one of the important component of RCH Programme. The State is making concerted efforts to reduce Mortality and Morbidity among children. Infant

Mortality Rate (IMR) of Delhi is 24 (SRS 2013) which has shown 6 point decline in 3 years and 22 as per CRS 2014.

The aim of the State is to reduce Neonatal Mortality Rate (NMR), Infant Mortality Rate and Under 5 Mortality Rate. To reduce Neonatal Mortality Rate, State has improved Newborn Care Facilities by establishing Special Newborn Care Units (SNCUs), and New Born Care Corners (NBCCs).

SNCUs have been established in 16 Public Hospitals which provide intensive care & resuscitative to the babies who are sick & small newborns care.

New Born Care Corners (NBCCs) at all 63 delivery points within the labour room and OTs in the State ensuring essential New born care at all the delivery points.

Nutrition related Interventions - IYCF Severe Acute Malnutrition is associated underlying cause in most of the under 5 deaths therefore the State has taken initiative to propagate Infant Young Child Feeding Practices (IYCF) strategy in approx. 25 Delhi govt. hospitals/maternity homes for promotion of early initiation (within first hour) of exclusive breast feeding, timely complementary feeding and continuous breast feeding up to 2 years.

NRC – Establishment & Strengthening of Nutritional Rehabilitation Centre (NRC) in 08 hospitals to take care of severely malnourished children (SAM). NRCs are facility based units providing medical and nutritional care to SAM Children under 5 years who have medical complication. Also skills of mother on child care and feeding practices are improved so that child receives care at home.

NFHS- III reported underweight under 5 children are 25% i.e 4.5 Lakhs (U5 18 Lakhs), 43% stunted i.e 8.2 Lakhs, and 17% are wasted (3.2 Lakhs) and 5% are SAM i.e 17,000 in Delhi. But National figure of underweight children is 43%, stunted 48% and wasted 20%.

Anaemia – In Delhi, NFHS – III Data shows that 63% of Under 5 Children are Anaemic and all India figure is 69.5%. Anaemia is highly prevalent among under 5 children which hamper their growth and development. In order to address the problem of micronutrient deficiencies amongst the population of under 5, State will be implementing NIPI in the age group 6 months to 10 years, subject to approval in PIP 2016-2017.

Home Based Newborn care - State is organizing Home Based New Born Care by upgrading the skills of ASHAs in New born care and timely referral. Home based Newborn Care is care for every newborn through a series of home visits by ASHAs in the first six weeks of life. During her visits, she identifies, detects illnesses & provides special care to the Newborn and timely and prompt referral. So linking HBNC to FBNC is important in order to save Newborn lives.

IDCF - To reduce Post neonatal mortality rate and Infant mortality rate, ARI and Diarrhoea sensitization trainings are conducted in Districts for awareness generation among the health care providers. Intensified Diarrhoea control Fortnight campaign (28th July-8th August) is being observed in the State.

Newer Initiatives

- Construction and Civil Works for Outborn Nursery at Kasturba Hospital is near completion and will be functional soon.
- Rolling out of NIPI in the Age group of 6 months to 10 Years
- Proposal for Strengthening of Kangaroo Mother Care in all Govt Hospitals.

Goals of RCH Programme –by 2017

- IMR to be reduced from 24 to 15 per thousand.
- NNMR to be reduced from 16 to 10 per 1000
- Under Five Mortality to be reduced from 26 to 20.
- TFR to be sustained at the level of 1.7

➤ Special Activities and Campaigns:

- Celebration of Intensified Diarrhoea Control Fortnight (IDCF) from 28th July – 8th August, every year, which focuses on Diarrhoea Control in the First Week and Breastfeeding promotion in the Second Week.
- Celebration of New Born Week in the month of November (15th -21st) every year.
- Celebration of Hepatitis Day on 4th December every year.

CHAPTER 11

DELHI STATE AIDS CONTROL SOCIETY

1. INTRODUCTION

The Delhi State AIDS Control Society, an autonomous body of Delhi Govt is responsible for implementing the National AIDS Control Programme in Delhi. The society became functional from 1st November, 1998. The main objectives of the society are to prevent and control HIV transmission in Delhi and to strengthen state capacity to respond to long-term challenge posed by the epidemic. The society is implementing various components of National AIDS Control Programme through various Govt. and Non-Government departments/ institutes/ hospitals in Delhi.

2. FACILITIES AND SERVICES FOR AIDS CONTROL IN DELHI

2.1. National AIDS Control Programme is central sponsored programme and various services under the programme include :

- HIV Counseling and testing
- Targetted interventions amongst High risk Groups through NGOs/CBOs
- Antiretroviral treatment to HIV patients
- Diagnosis and treatment of Sexually Transmitted Infections
- Blood Safety
- IEC and Mainstreaming

2.2. The services under the National AIDS Control Programme are implemented through a network of facilities in Delhi comprising of Testing and Counselling Centres (Stand alone as well as facility integrated), Anti Retroviral Treatment Centres and Centre of Excellences (in various hospitals), Targetted Interventions through NGOs in high risk group population and Blood Banks as indicated below:

FACILITIES	Number of facilities
Integrated Counselling & Testing Centre (ICTC)	90 Standalone+3 Mobile ICTC + 6 Public Pvt Partnership ICTC, 128 FICTCs
Targeted intervention Projects for High Risk Group	88 (36 FSW, 12 MSM, 8 Trans Gender, 15 IDUs Project, 4 Truckers and 13 Migrant projects)
OST Centre	7 OST Centre in Govt Hospital, 4 OST Centre in NGOs
STI Clinics	29 +1 Apex STD Regional Centre (Safdarjung Hospital) & 1 SRC STD (MAMC)
Anti Retroviral Treatmentt (ART Centre)	9 ART Centre + 1 Centre of Excellence for ART at MAMC and 1 Pediatric Centre of excellence at KSCH
Drop in Centre	7 (run by HIV positive people)
blood banks/B storage centres (NACO supported)	20 /10
National Reference Lab & State Reference Labs	2 (NICD, AIIMS), 4 (UCMS, LHMC, Safdarjung Hospital, MAMC)

Table1: Various facilities operated under AIDS Control Programme in Delhi

3. ACTIVITIES CARRIED OUT BY DSACS IN 2015-16:

3.1. Targeted Intervention (TI) Division

- 3.1.1. During 2015-16 Delhi State AIDS Control Society (DSACS) has implemented 88 Targeted Intervention Projects in partnership with various Non Government Organizations (NGOs) and Community Based Organizations (CBOs) amongst High Risk Group (HRGs). 6 TI projects of these have been discontinued in the financial year. It is a peer led intervention wherein services like regular outreach and behavior change communication, STI treatment and management, free condom distribution to High Risk Groups, counseling, provision of clean needle and syringes, abscess management, Opioid Substitution Therapy (OST) for IDUs and other services like HIV testing and ART through referral and linkages are provided at their doorsteps.
- 3.1.2. During FY 2015-16 about 67800 High Risk Group population in Delhi was covered under TI Interventions. Out of these, 40750 were Female Sex Workers, 12400 Men having Sex with Men (MSM), 5650 Transgenders and 9000 Injecting Drug Users (IDUs). About 180000 Migrant Workers and 50000 Truckers have also been covered in this year.

3.2. Integrated Counseling and Testing Centres

- 3.2.1. The persons coming voluntarily or through referrals undergo HIV counselling and testing at Integrated Counseling and Testing Centres (ICTC) in a supportive and confidential environment. The counseling services are provided both before & after the test by qualified counsellors training in HIV counselling. These clients at ICTCs are also informed about other linkage services such as HIV prevention, care and treatment services, getting the access to correct information about HIV prevention and care. Person found HIV-negative are supported with information and counseling to reduce risks and remain HIV-negative, while those found HIV-positive are provided psychosocial support and linked to treatment and care.
- 3.2.2. In the year 2015-16, there were 90 stand alone ICTCs, 3 Mobile testing van, 6 FICTCs in Public Private Partnership mode and 128 Facility Integrated Counseling and Testing Centers functioning in sub-district health facilities of Delhi to increase the detection of Antenatal HIV positivity and to upscale HIV prevention and care services in Delhi.
- 3.2.3. In the PPTCT centre, all pregnant females are provided counselling and HIV testing service. There are 16 standalone PPTCT center's in various ANC Clinics of Govt. Hospitals. However, HIV Counselling and testing of all ANC clinic attendees done in all ICTCs or FICTCs also.
- 3.2.4. HIV-TB Activities in the last 1 year have shown a marked improvement in collaborative activities and strengthening of linkages between both the programmes. A total of 47552 clients (with RNTCP linkages) were tested during 2015-16. 684 of clients cross referred from RNTCP were found HIV positive.

3.2.5. The performance of the ICTC during 2015-16 has been as under:

- i. 403014 HIV tests were carried out on general client (Clients at ICTC except ANC clients) with 6334 detected positive. The HIV prevalence in ICTC general clients has continuously shown a declining trend with 2.98% in 2010-11 to 1.57% in 2015-16.

Figure 1: Yearwise prevalence of HIV infection in ICTC clients

- ii. During 2015-16, 231027 HIV tests were carried out in pregnant females with 251 females being found positive (0.11%). This prevalence is considered a reflection of HIV prevalence in general population. The HIV prevalence in antenatal clients has continuously shown a declining trend with 0.20% in 2010-11 to 0.11% in 2015-16.

Fig. 2: Yearwise prevalence of HIV infection in PPTCT (Antenatal females) clients

- iii. Amongst general ICTC HIV positive clients 80% were successfully linked to ART Centres. Amongst pregnant women 94.3%% were successfully registered and initiated to ART.

3.3. Care, Support and Treatment Division

- 3.3.1. Care, Support & Treatment division of Delhi SACS provides its services to PLHIVs through facilities of 9 ART centers, 2 Facility Integrated ART centres, 2 Centres of Excellence, 4 Community Support Centres and Help desks as mentioned below:

A. Antiretroviral Treatment centers (ARTC)

- All India Institute of Medical Sciences, New Delhi
- Dr. Ram Manohar Lohia Hospital, New Delhi
- Lok Nayak Hospital, Delhi
- National Institute of TB and Respiratory Diseases, Mehrauli
- Deen Dayal Upadhyaya Hospital, Hari Nagar
- Guru Teg Bahadur Hospital, Shahdara
- Safdarjang Hospital, New Delhi
- Dr. Baba Saheb Ambedkar Hospital, Rohini
- Kalawati Saran Children's Hospital, New Delhi

B. Facility Integrated Antiretroviral Treatment Centers (FIARTC)

- Deep Chand Bandhu Hospital, Ashok Vihar
- Lal Bahadur Shastri Hospital, Khichripur

C. Center of Excellence (CoE)

- Maulana Azad Medical College, New Delhi

D. Pediatric Center of Excellence (PCoE)

- Kalawati Saran Children's Hospital, New Delhi

E. Community Support Centers

- Delhi Network of Positive People (DNP+(South)): H. No. 64, Ground Floor, Gali No. 3, Near IGNOU, Neb Sarai, New Delhi-110068.

- ii. Delhi Network of Positive People (DNP+(North)): G-20/236, Sector-7, Shiva Road, Rohini, New Delhi-110085.
- iii. Nai Umang : 17/353, Gali No. 1, Than Singh Nagar, Anand Parbat, New Delhi
- iv. Love Life Society: 36D, DDA flats, Shastri Park, Near Murga Mandi, Delhi

F. Help Desks

- i. Delhi Positive Women Network (DPWN+): WZ, 170/D, Khampur, West Patel Nagar, Near DDA flats, Delhi.
- ii. Jagriti HIV/AIDS Organization: Pillar 700, A-73, Om Vihar, Near Santoshi Mata Mandir, Uttam Nagar, Delhi
- iii. Om Prakesh Network of Positive People (OPNP+) :- A-113, Jeevan park, Som Bazar road, Near Appoorv nursing home, Uttam Nagar, Delhi

3.3.2. The services being provided for registered PLHIV clients at all ART centers of Delhi are :

- a. Treatment with ARV drug therapy and monitoring patients in HIV care (Pre-ART) regularly,
- b. Treatment of Opportunistic Infections (OI),
- c. Providing treatment adherence and counselling services before and during treatment to PLHIV, care givers, guardians and family members on drug adherence, nutritional requirements, hygiene, positive living and also on measures to prevent further transmission of infection,
- d. CD4 Testing on a biannual basis,
- e. Linkage of HIV-TB patients with RNTCP,
- f. Linking of on-ART patients to Financial Assistance Scheme of Delhi Government and
- g. Maintenance of confidentiality of all records & reports related to PLHIV Data.

3.3.3. In terms of numbers cumulative 52,150 PLHIVs have been registered at all its ART centers till 31st March 2016 and 20,823 PLHIVs are taking regular antiretroviral treatment. Statistical overview of the registered PLHIVs, number of CD4 tests performed, patients retained in care etc. is as under:

Fig.3 Statistical overview of the registered PLHIVs, number of CD4 tests performed, and patients retained in care etc. in 2015-2016.

3.4. Blood Safety Division

- 3.4.1. In the F.Y. 2015-16, the total blood collection in Delhi has been 559534 units. Voluntary Blood Donation in NACO Supported Blood Banks & Voluntary organization Blood Banks was 70% of the collection and Blood component separation was 78%.
- 3.4.2. The World Blood Donor Day was observed on 14th June 2015 by organizing a national level event at Central Park, Connaught place. Other activities carried out on this occasion included:
 - i. A rally in the inner circle of Connaught Place,
 - ii. Skit on Voluntary Blood Donation and
 - iii. Felicitation of Voluntary Blood Donor camp organizer & donors.
- 3.4.3. To improve the quality of Blood Transfusion Services and build the capacity of staff working in Blood Banks towards blood safety, a training program was organized in the F.Y. 2015-16, at Dr. Ram Manohar Lohia Hospital, the regional training institute designated by NACO. The training was conducted in collaboration with DSACS to impart hands on modular training as per new training modules introduced by NACO for the induction training of Medical Officers, Lab Technicians & Nurses posted at Blood Banks. A total of 82 participants were trained from Delhi DSACS/NACO supported Blood Banks in the training.

3.5. Information Education Communication (IEC) Division

- 3.5.1. This division under DSACS is responsible for conducting various IEC activities. The division has organized/participated in various events:
 - i. World Blood Donor Day
 - ii. International Youth Day
 - iii. World AIDS Day
 - iv. National Youth Day
 - v. IITF-2015
- 3.5.2. Sensitization programme were organized at Red Ribbon Clubs functioning in various Colleges to educate College students on HIV/AIDS & to motivate them for Voluntary Blood Donation. DSACS has also organized various activities such as Poster making Competition, Slogan writing, Artwork Debate competition etc. during College Annual festivals in Delhi.
- 3.5.3. Other activities of the IEC division during 2015-16 included printing of IEC materials, performance of Nukkad Natak, etc to disseminate HIV/AIDS Messages.

3.6. Mainstreaming Division

- 3.6.1. Mainstreaming is a key component of NACP-IV with aims to prevent new HIV infections among the general population as well as improved capacities of communities to cope with the impact of HIV/AIDS. Under this component the major achievement of DSACS in year 2015-16 are as under-
 - i. **Training of ASHA and Aanganwari workers:** DSACS has conducted training of 360 ASHAs and 972 AWW with special focus on their role in HIV/AIDS prevention and control programme specifically PPTCT programme (tracking pregnant women, motivate them for HIV testing and institutional delivery).

- ii. **Training of out of school youth through Jan Shikshan Sansthan:** 100 youth were trained.
- iii. **Sensitization of Police Personnel:** 1390 police personnel were sensitized in police training colleges at Dwarka and Jharoda Kalan in Delhi
- iv. **Training of DTC drivers & conductors:** DSACS has conducted sensitization programme for 8418 DTC drivers and conductors in DTC training center.
- v. **State consultation on Social protection** –DSACS has conducted State Consultation on Social Protection with different govt. departments with objectives to facilitate more social protection schemes for PLHIVs.
- vi. **Collaboration with Delhi legal service authority-** DSACS in collaboration with Delhi Legal Service authority has conducted sensitization programme for Lawyers on HIV related issues. Total 349 participants have been sensitized. These Lawyers have further sensitized HRGs & PLHIVs on their legal rights related to employment.

3.7. Financial Assistance Scheme for people living with HIV/AIDS & Children/Orphan/ Destitute Children infected/affected by HIV/AIDS

- 3.7.1. Financial Assistance Scheme for people living with HIV/AIDS & Children/Orphan/Destitute Children infected/affected by HIV/AIDS launched in year 2012 is being implemented by Delhi State AIDS Control Society. The budget for the scheme is provided by Govt. of NCT of Delhi.
- 3.7.2. The main objective of the scheme is to improve compliance & access to Anti Retroviral Treatment. Money/Aid is provided to eligible PLHIV :
 - i. to cover the transportation cost of accessing the Anti Retroviral Treatment Centres thus helping achieving the requisite level of drug adherence, preventing emergence of drug resistance and obviating the need for costly second line treatment.
 - ii. improving nutritional status and physical capacity of the person to earn livelihood, help orphan children in accessing anti retroviral treatment, treatment of other infections that they are at risk, nutritional support, education and skill building.
- 3.7.3. Under this scheme assistance is provided under 4 categories and the number of beneficiaries in each category during 2015-16 have been as under :

Category	Amount disbursed per beneficiary (in Rs.)	Number of beneficiaries
i. People/Children living with HIV/AIDS on ART	1000/-	2685
ii. Orphan Children infected with HIV/AIDS	2050/-	27
iii. Destitute Children infected with HIV/AIDS in institutional care	2050/-	23
iv. Orphan children affected by HIV/AIDS	1750/-	23
Total no. of beneficiaries		2758

Chapter 12

DRUGS CONTROL DEPARTMENT

The Drug Control Department, GNCT of Delhi is an independent department under the Health & Family Welfare Deptt. GNCT of Delhi and is located at F-17, Karkadooma, Delhi-110032.

Main Activities

The department is enforcing the provisions of the following central enacted laws.

Drugs & Cosmetics Act, 1940 and the rules framed thereunder.

Drugs & Magic Remedies (Objectionable Advertisements) Act, 1954 and the Rules framed thereunder.

Drugs (Price Control) Order, 1995.

The enforcement of the above noted laws is carried out by the Drugs Inspectors of this department by way of required inspections of the manufacturing units of allopathic drugs, surgical dressing, diagnostic reagents, Homeopathic medicines, cosmetics as well as the sales units located in Delhi. The Drug Inspectors take samples of drugs and cosmetics from the manufacturing and sale premises for ascertaining the quality of the drugs available in Delhi.

Under the Drugs & Magic Remedies (Objectionable Advertisements) Act, 1954 various advertisements published in media are scrutinized with reference to misleading/false claims of Drugs to cure certain diseases, if violation under the Act or the rules is observed appropriate action is taken against the person/firm/advertiser as the case may be.

For the enforcement of Drug (Price Control) Order, 1995 the department, in coordination with National Pharmaceuticals Pricing Authority, keeps a track of the drugs that are being sold in Delhi to the consumers do not exceed the maximum retail price fixed by the Government/manufacturer.

Recent Initiatives taken by the Drug Control Department

With view of have better administrative control, better enforcement of the drug laws and more transparency major structural changes has been carried out in the Drug Control Department. Delhi has been divided into 09 districts following the revenue pattern already in vogue in several other departments. All the licensees whether manufacturer /wholesaler

and retailers have been sub divided into the district pattern instead of the age old head wise system being followed in the department.

Development of dedicated website of the Department

The website of the Drug Control Department was launched in the year 2009 having url address www.drugscontrol.delhigovt.nic.in . This website is already functional and provides details about different licensees i.e. retailers, wholesalers, distributors, drugs, manufacturing units, blood banks, approved testing laboratories with their names, addresses, licenses details etc. located at Delhi. The organizational structure and contact numbers and addresses of the officials of the department, procedures to be followed for applying grant of different types of licenses and different statutory forms and citizen charter are also available on the website. Some frequently asked questions are also provided for the help of the general public and prospective licensees. The objective is to update information from time to time and provide error-free information about the department on the website about the licensees under the new district wise pattern of Delhi.

Activities & Achievements of Drugs Control Department for the year 2015-16

A. INSPECTIONS

	Manufacturing Units:	245
b.	No. of cases where violation detected	--
c.	Sales establishments:	3448
d.	No. of cases where violation detected	207

B. SPECIAL INSPECTIONS

a.	Manufacturing Units:	04
b.	No. of cases where violation detected	--
c.	Sales establishments:	199
d.	No. of cases where violation detected	78

C. COMPLAINTS

a.	No. of complaints received	104
b.	No. of cases where violation detected	40

c.	No. of cases where stock of drugs /cosmetics/ documents seized	03
----	--	----

D. SAMPLE FOR TEST/ANALYSIS

1.	No. of Samples collected	87
2.	No. of test reports received	208
3.	No. of samples reported as standard quality	192
4.	No. of samples reported as not of standard quality	16
5.	No. of samples found spurious	--

E. DEPARTMENTAL ACTION

a.	No. of cases where licences cancelled	07
b.	No. of cases where licences suspended	129
c.	No. of cases where warning issued	14

F. PROSECUTION

1.	No. of cases launched	08
2.	No. of cases decided	05
3.	No. of cases convicted	05
4.	No. of cases acquitted/ discharged	--
5.	No. of cases pending in the court + High Court Misc. Petitions	104

G. DETAILS OF FIRMS WHERE LICENCES GRANTED/CANCELLED

(1) Sales Establishments granted licences

a.	Allopathic Sales Establishments	3080
b.	Restricted Sales Establishments	01
c.	Homeopathic sales Establishments	03

(2) Manufacturing units granted licences

1.	Allopathic Drugs Mfg. Units	12
2.	Homoeopathic Medicines Mfg. Units	--
3.	Cosmetics Mfg. Units	08

(3) No. of sale firms where licences surrendered and cancelled

1.	Allopathic Sales Establishments	834
2.	Restricted Sales Establishments	--
3.	Homeopathic sales Establishments	--
4.1.	Allopathic drugs mfg. Units	02
4.2.	Homoeopathic drugs mfg. Units	--
4.3	Cosmetics mfg. units	01

H. NO. OF LICENCED FIRMS.

1.	Sales Establishment	22686
1.1	Allopathic Drugs	21759
1.2	Restricted Drugs	583
1.3	Homeopathic	344

2.	Mfg. Establishment	816
2.1	Allopathic Drugs	264
2.2	Homoeopathic Drugs	05
2.3	Cosmetics	547

Chapter 13

DEPARTMENT OF FOOD SAFETY

Introduction:-

Since its creation in the year 1977, the Department of Food Adulteration was implementing PFA Act, 1954 till 04.08.2011 and thereafter this Act was replaced by Food Safety & Standard Act, 2006 which is being implemented since 05.08.2011.

Food Safety Act, 2006 is being implemented w.e.f. 05.08.2011, consequently the Notification for change of name of the Department from Directorate of Prevention of Food Adulteration to “Department of Food Safety” has been issued.

Achievements of the Department during the year 2015-16:-

The Department of PFA was not issuing any License under PFA Act, now under the provisions of Food Safety Act, 2006, the Department is accepting applications through online system for grant of Registration/Licenses to Food Business Operators.

Food Laboratory:-

Food Laboratory of the Department of Food Safety analyses food samples as per standards laid down under the Food Safety and Standards Act, 2006. During the period 01.04.2015 to 31.03.2016 the total number of samples analysed were 1472 and out of which, total No. of 244 samples were found to be violating the Act. Apart from the above, 71 samples lifted for the surveillance purpose were also analysed in the Food Laboratory during the same period, out of which 16 violating samples were found. The Food Laboratory also analyses ingredients to be used for the preparation of food to be served to VVIPs in PM House, President House and during the visit of foreign dignitaries.

Achievement of Prosecution Branch

Prosecution Branch is handling the Prosecution files under FSS Act. There are two classes offences i.e. Unsafe and other of misbranded substandard or other violation of FSS Act. for the period 01.04.2015 to 31.03.2016. As per the orders of ADM Court fine of Rs. 22,77,000/- and Trial Court (PHC) fine of Rs. 22,05,500/- have been imposed upon the FBOs

Consumer Awareness/Education:-

During the period from 01.04.2015 to 31.03.2016 the Department of Food Safety Govt. Of Delhi has participated in various public awareness Programmes :-

1. Participation in Meri Delhi Utsav by the Department at Dilli Haat Pitampura from 31.10.2015 to 02.11.2015 for education and awareness regarding the safety of food. The event was organized by NNS Events. An amount of Rs. 2,66,760.00 was incurred in the regard.
2. Participation in Perfect Health Mela by the Department at Talkatora Stadium from 04.11.2015 to 08.11.2015 for education and awareness regarding the Safety of Food. The event was organized by Heart Care Foundation.
