

Chapter 9

HOSPITALS OF GOVT. OF NATIONAL CAPITAL TERRITORY OF DELHI

9.1 Introduction

The hospitals are integral part of health care delivery system of any state. Hospitals are expected to be the partners and supporters of health care delivery system rather than limiting their role to medical care only. In the present scenario, the role of hospitals range from providing primary level medical care to hospital care (secondary/tertiary level).

The planning/ establishment of new hospitals is taken care of by Hospital Cell/ Planning Branch of the Directorate of Health Services. The broad functions of Hospital Cell involve planning and commissioning of hospitals which include site inspection, monitoring and coordination with different Govt./ semi Govt./ autonomous/ Pvt. Agencies etc. related to establishment of Hospitals. The financial aspect of these upcoming hospitals such as preparation of SFC Memo for cost estimates of hospital which include estimates of manpower, equipments and other vital components required for establishment of hospital are also being taken care of by Hospital Cell.

In the year 2006-07, there were fourteen hospitals functioning under Directorate of Health Services. Since December 2006, these hospitals have been declared as independent establishments with powers of head of the department delegated to the respective Medical Superintendent of these hospitals. Presently 38 hospitals are functioning independently under overall administrative control of Department of Health & Family Welfare.
